Final Note by the Second Member of Council.

Subject.— Revision of the scale of expenditure in the Mysore State Charities at Tirupathi.

The present scale of expenditure of the Mysore State Charities at Tirupathi was sanctioned in Government Order No. 1135-6/Muz. 214-28-2, dated 11th December 1928. The Muzrai Commissioner has reported that since the date of this Government Order, conditions have vastly changed, necessitating the reduction of expenditure owing to the reduced prices of food stuffs and other articles and a slight enhancement under a few items to suit the altered circumstances. He has accordingly submitted proposals for the revision of the existing scale of expenditure of the charities according to which, while the total amount of expenditure will be kept at Rs 20,000/-, the amount for services in the Sri Venkataramanaswamy Temple on the hills and Sri Mahalakshmi Temple at Tiruchanur will be reduced. The provision under establishment will be increased, and a reserve of Rs 624/- has been provided for, which will be increased to Rs 2,124/- from 1941-42 onwards.

The Financial Secretary to Government has suggested that the total sanctioned cost may be fixed at Rs 19,500/-, reducing the provision for reserve from Rs 624/- to Rs 124/- and that from 1941-42 onward, with the disappearance of the need to continue Rs 1,500/- towards the cost of the Non-Brahmin - Choultry, the total expenditure may be reduced to Rs 18,000/-.

I agree with the Financial Secretary and solicit His Highness' gracious sanction to the revision of the scale proposed by the Muzrai Commissioner subject to the above modifications.

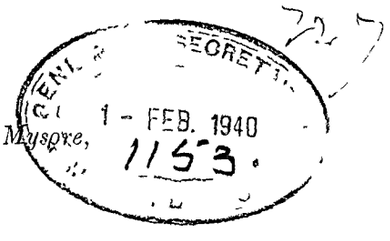
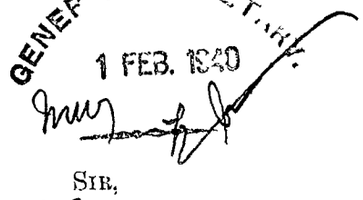
Muzrai Commissioner in Mysore,



To

J. Appaji Gowda, Esq., B.A. (Hon.),
Secretary to the Government of His Highness
the Maharaja of Mysore.
general *Department.*



SIR,

Mr. BR 1/2

Proposals for the revision of the Scale of Expenditure for the Mysore State Charities at Tirupati.

Adverting to G.O.No.1135-6/Muz.214-38-8 dated 11-12-1938 sanctioning a revised scale of expenditure in respect of the above, I have the honor to enclose herein, a statement showing the proposals for the revision of the scale of expenditure for the institution together with an explanatory Note giving reasons for the variation in expenditure under individual items. I wish to add that, since the date of last sanction of the scale, conditions have vastly changed necessitating the reduction of expenditure owing to the reduced prices of foodstuffs and other articles and a slight enhancement under a few items, to suit altered circumstances.

Provision has been made in the proposed scale for the payment of Rs 1,000 towards percentage contribution to Muzrai Establishment Fund and to the adjustment of Rs 1,500 towards contribution for the construction of the non-Brahmin Choultry on the hills. It may, however, to be stated that this sum is required for use only during next year, in view of the fact that a sum of Rs 12,000 has been ear-marked from the savings in the scale of expenditure for meeting the cost of Rs 12,000 towards the estimated expenditure of the Choultry. This sum will also be added on to the sanctioned scale of Rs 624 now provided in the scale from 1941-42.

The scale of expenditure now drawn up, meets all the present requirements; and I request that approval of Government may be kindly obtained to the same.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner

NOTE.

The existing scale of expenditure of the Charities was sanctioned in G.O. No.113-6/Mun.214-37-2 dated 11th December 1928 limiting the cost to Rs.17,500/- and making a reservation of Rs.1,000/- for provincial contribution towards Mukrai Establishment Fund and Rs.1,500/- towards Contribution for the construction of Non-Brahmin Hostel on the Hills.

Small increases of pay to certain members of the menial staff of the Charities to an extra cost of Rs.142/- were sanctioned in G.O. No.1026-27/ Mu.173-30-2 dated 30th January 1930 and G.O. No.957-8/Mu. 163-38-2, dated 13th December 1938.

A new Peshkar was appointed in July 1938 with an increased duty allowance, vide G.O. No.2117-19/Mu.37-38-3 dated 7th June 1938). Stationery contribution payable to Municipality viz., Rs.70 - now fixed & increased.

On account of enhanced Municipal Tax on the Buildings due to revision on the present rental value and the monthly Electric Lighting charges, for Electric Lights were installed on the Main Gate, Mill and Board of Water Supply on the Hills and the Assistant's Office Building, there has been some increase in expenditure under "Miscellaneous" head also.

Slight increase in the cost of establishment is also due to the revision of pay of the Building Peons, proposed to meet the present rise in prices.

The present expenditure and the proposed scale is approximately as follows:-

amount equal to or a little more than the collection is being utilised for the maintenance of roads, dispensaries and schools. It has been recently decided that education and railway cesses should be levied in the Jaghir and the proceeds credited to the respective District Funds.

A portion of the local cess in the Jaghir viz., that derived from Inoise, is already being credited to the District Fund and the simplest arrangement would, perhaps, be for the local cess on land revenue also to be made over to the District Board and to relieve the Jaghirdar of the obligation of maintaining roads and dispensaries.

IRRIGATION CESS.

As under the Sannad, the Jaghirdar is responsible for the upkeep of tanks, he may be allowed to collect this Cess and administer the fund in consultation with the Deputy Commissioner.

VILLAGE PANCHAYETS.

An Inspector of Village Panchayets has been appointed by Government and the whole of this work is being carried on by Government agency. The collection of Mohatarfa has been ordered to be discontinued.

UZRAI.

The question whether any change is required in the present arrangements has to be investigated. Perhaps the remedies provided in the Muzrai Regulation for gross and persistent mismanagement of religious institutions may be sufficient.

DEVELOPMENT DEPARTMENTS.

The Agricultural and Sericulture Departments may be asked to interest themselves in the Jaghir area just as in other Taluks.

The trend of recent Government Orders has been to assert the permissive nature of such of the administrative powers as the

the Jaghirdar is left to exercise. These powers are exercised by him not as Jaghirdar but as a public functionary appointed by Government and they are revokable at the discretion of Government. It has also been made clear that Land Revenue and Excise Revenue from Toddy, are the only items of public income to which he has an indisputable right. The other items of receipts (e.g., criminal fines, Court Fee Revenue, Local Cesses &c.,) are to him only so long as he is allowed to perform the services to which these receipts are incidental.

Each of the remaining questions may be dealt with on these principles. A general order on the lines contemplated in 1920 does not appear to be expedient.

The Muzrai Commissioner in Mysore.

Secretary to the Government of His
Highness the Maharaja of Mysore,
Financial Department.

SIR,

Adverting to your letter No.744 Muz.288-24 dated 14th September 1925, calling for a report as to when exactly the period of the Jaghirdar of Yelandur ended and what his powers are in respect of the house and of the Sri Pallageri Durgadevi temple at the said Yelandur Jahgir, I have the honour to state that in regard to the Jaghirdar has stated in his letter to the Deputy Commissioner (copy of which is herein enclosed) that when the Jaghir was restored by Government to the late Sir [illegible] Urs on his attaining majority in the year 1868, the management of the temple was also transferred to him excepting only the annual cash allowance and inam lands issued by the Superintendent, Mysore Division to the trustees of Yelandur Temple, in accordance with the list of arrangements received from the Chief Commissioner. The original list has not been traced in the Jaghir Office nor in the Deputy Commissioner's Office but it is not available in the District Office Records either. A copy extract of the same has been sent by the Deputy Commissioner. It is contended that the management of the temple and its properties being conducted on proper lines and that the head of the Jaghir and trustees of the Jaghir should not be interfered with.

2. There have been petitions against the Report of the Assembly Petitions Committee that the temple and its properties properly the Jaghir should not be handed over to the

been afforded to the public who resort to the temple. The temple of Sri Bhagavathi Bhagavathi is undoubtedly a Muzrai Institution -- having been endowed with inam lands which fetch an income of about Rs.2,000/- per annum. In addition to this the temple gets nearly Rs.7,000/- from banks and other sources and they the Deputy Commissioner thinks with a little more binding of local enthusiasm the annual income can be increased to Rs.12,000/- and that special functions can also be got for works of public utility. The entire income is being spent without making any provision for reserve. It is seen from the Deputy Commissioner's letter (copy enclosed) that though the worship in the temple is regular and satisfactory and the Chattram is in good condition yet the execution of a number of --- works of public utility requires early attention and that there is considerable scope for improvement in that direction. There seems to be a mistaken impression on the part of the Jagirdar authorities that the institution is not subject to Government control. There is --- reason to believe that in a few cases the funds of the temple are not kept quite apart from the other funds of the Jagirdar (vide Deputy Commissioner's letter of 1st April 1941 and correspondence --- regarding the Gowdahilli tank repair.) The Jagirdar has also lent temple money to private persons without obtaining orders of Government. In order to remove the misapprehension that seems to exist viz., that the Government has no power of interference in the management of the temple and also because there are complaints of mismanagement, which do not seem to be quite unfounded as in spite of the large income the institution gets, very proper facilities to the public have not been afforded, I am of opinion that it is very desirable that Government should exercise some control over this -- Muzrai Institution instead of leaving the entire management to the Trustees who have been ruling the institution for a very long time -- but a perusal of the copy of the Firman granted by the Nizam to the Jagirdar will show that the Jagirdar exercises authority over the temple by only delegation from the Government and the authority --- that conferred the power has every right to introduce suitable ---- restrictions or even withdraw it altogether if the powers are not exercised in the best interests of the institution. Hence if --

Governme

Government should now interfere ~~xxxx~~ serve some powers of control and management to safeguard the interests of the institution the ---. Jaghirdar can have no legitimate ~~powers~~ ground of complaint and it is not clear how it will result in any loss of prestige or dignity. In these ~~days~~ days when the public expect to be more and more in -- touch with the management of public institutions such association will be all to the advantage of the Jaghirdar himself as he will be in a better position to defend himself against charges of ~~xx~~ mismanagement or conversion of the institution into a source of profit for himself when his acts are virdicated by the approval of a competent authority. The temple is no part of the Jaghir existing long before the Jaghir and ~~reasonably~~ the reason why the temple has been ~~neglected~~ subjected to the Jaghirdar's authority is that it is situated within the Jaghir and it was thought that the - authority most competent to manage it would be the Jaghirdar. In view of a strong party within the Jaghir itself that is opposed to the ---- ~~Jaghirdar~~ and also the interests of the outside public in the temple, strongly of opinion that it is not desirable to continue the ---- going state of things any further and the Jaghirdar's authority -- ~~xx~~ected to proper check. I therefore request you to obtain early orders of Government on the following proposals which I consider quite ~~xxxx~~ sary for the efficient management of the institution;--

The Jaghirdar should prepare a scale of income and expenditure obtain sanction of Government to it. He should strictly adhere but full discretion may be given to him to spend money within the sanctioned scale and also to exercise disciplinary control over the staff. Any item of expenditure not provided in the sanctioned scale should not be spent - even in anticipation of sanction - by the Jaghirdar without obtaining the previous sanction of the Inam Commissioner.

(b) As in the case of the Muzrai Institutions, a Pass Book should be opened for this institution also and all transactions pertaining to it should find a place in the Pass Book and monthly accounts should be submitted to the Muzrai Commissioner.

(c) As there is reason to believe that the money belonging to the institution has got mixed up with the money belonging to the Jaghirdar

and vice versa the accounts of the temple may be got audited by the Assistant Comptroller whose pay and T.A. during the period of ---- deputation may be met from the funds of the institution. This will enable the fixing of the correct balance of the institution for being taken on to the Jasa Book.

(d) As regards the appointment of a Committee of Dharmadarsis to the institution I am not in favour of the same at present, as there are two parties in the Jaghir strongly opposed to each other and hence working a smooth working of the Committee is not possible. -- Besides the temple being situated on a hillock, it is not likely that the Dharmadarsis would meet frequently and be of some use to the -- authorities.

(e) The question whether the village of Biligiri Rangana Forest is an inam granted to the temple as pending for a very long time though Government ord rea so far back as 1856 that an enquiry should be held with a view to set le the claim of the temple to the Forest. The Inam Superintendent may be requested to t e up the enquiry without - further dela . Having regard to the time already taken a peremptory order should issue to the Inam Superintendent that his decision -- should be passed not more than 6 months hence.

(f) Government have in their order of July 1905, directed that the cost of repairing the Gowlahalli tank for which the temple amount -- has been spent should be proportionately borne by the te ple and the Jaghir according to the respective atchkat below the tank. The Deputy Commissioner has not reported whether the order has be n given effect to. On receipt of orders on t present proposals, the Deputy Commissioner will be requested to expedite this matter as also the recovery of the amount ~~due~~ lent from the temple funds. A suitable adjustment has not been made already.

I have the honor to be,
Sir,
Your most obedient servant,

(Absent from Station)

Letter No.R.Dis.H.195/A.C. dated 30th June 1930 from the Deputy Commissioner, Mysore District to the Mysore Forest Officer.

Sri Biligiri Ranganathaswamy temple.

In continuation of my letter No.H.195/A.C. dated 5th March 1930, and with reference to your letter No.C.1400 of 1929-30 dated 16-1-1930, I have the honor to state that I visited Biligiri Rangana hills on the temple and other institutions on the 16th June and 17th June 1930.

2. The worship in the temples is regular and satisfactory. The temple servants were contented. They are regularly paid their salaries. The Chattram is in good repair. The kalyani contains little water but the investment and flight of steps are in good order.

3. The works already reported on by the Sub Division Officer in his letter No.A2 1939/27 dated 19-3-1928 (copy sent with my letter of 5th March) are all necessary. Of these, the Samudra tank bund is most urgent and must be completed before the next Sankranti festival. The Jeernoddharagert gopuram requires to be taken up next.

The Nagasandra and Kaveri are the items next in order of urgency. They will not cost much. The agent may be requested to take up these works also and complete them within a year.

It is in order to stop the stone pilferers in the valley that the repair of pillars all round the temple is required to be taken up in the year 1930-31.

4. The premises round about the temple are not clean. There is considerable park vegetation round about. Orders may be requested to keep the entire area round the temple free from jungle, bushes and rank vegetation.

5. But the principal complaint of the pilgrims is that access to the temple is not easy. Roads in Yelandur Sub-Taluk are notoriously bad and the road leading from Yelandur town to the hills is no exception. But even this road in such hilly parts can be with difficulty carried on and negotiated only for 4½ miles up to Arasinamallanatte. From that spot, road is marked off by furlong stones for another mile and a half and even wooden carts cannot venture on this portion.

From the 7th mile, except by steps here and there. There was a fair road up the hill, of old, leading to the Judgment's Bungalow on the top of the hill but it is now abandoned beyond the 7th mile. The existing steps or foot path are hard to negotiate by pilgrims and not befitting as a regular route, while it is said that

other hill temples. There is rich forest-wealth around Biligiri - Rangan Forest, and from Sandal Wood extraction alone, the Jahgirdar gets from Rs.15,000/- to Rs.25,000/- according to the activity of his staff Home, Matti, and Beete can be extracted for the next 20 years - without fear of denuding the forest, if any traffic facilities are -- created and exploitation on scientific lines is begun. It will be a profitable proposition for the Jahgirdar to repair the road from Yelandur town to the Hills even from this point of view. But in any case he must at least make the last 1½ miles of road trafficable for carts, and arrange for the removal of thorns and spity loose stones in the steps and foot path beyond and clear the ground for a few yards on other side to afford safety to pilgrims. This may also be required to be done by the Agent before the end of June 1928.

6. As regards funds, I invite a reference to the annual report on the Temple's affairs for 1926-27 received from the Agent and sent with my letter No.D.5.566/27 dated 29th November 1927.

It will be seen from statement No.5 appended to it that the temple had realisable assets to the extent of Rs.19684-13-9 on 1-7-1927. The temple has an annual revenue of over Rs.9000 and with a little more kindling of local enthusiasm, it can be increased to Rs.12,000/-, -- Specially Special offerings and donations can be got for the useful works above referred to.

7. Mr. Srinivasa Iyengar once told me that the Biligiri Rangan Forest is the Inam property of the Deity and does not belong to Jahgirdar. I have no reference to in my office to support this view. Perhaps the -- papers in the Inam office or in the Secretariat archives relating to the grant of the Jahgir and the accounts of the immediately preceding year may throw light on this point. If this contention should prove correct, the temple can be maintained in as good condition as Chamarajanagar. I request that this point may be got further investigated.

8. From the copy of Sannada Kirup sent with my letter No.346/A.C. dated 4th January 1926, it can be inferred that the Jahgirdar exercises authority over the temple by delegation from the Government. If he wants this privilege and prestige to be continued to him (and his ಶ್ರೀವೈಷ್ಣವ ಪ್ರಪತ್ತಿ is daily recited after Rajasirvadam in the temple) he must also incur some expenditure from Jahgir funds for the temple, even as Government sanction grants to Muzrai institutions and advance funds for necessary items like Sankrarti car -- without waiting entirely for devotees' contribution or accumulation of

of temple funds. This aspect of the case may be pointed to the Agent and she may be required to execute the terms above endorsed.

Finally, it is necessary to require the Jahgirdar to appoint a set of Dharmadarsis for the temple so that the affairs of the institution may come under independent scrutiny and not be left to the will of the Tarpathegar ~~xxxx~~ alone.

RC

Letter No.120/Muz.36 dated 20/23rd December 1936 from the Agt to the Jaghirdar of Yelandur to the Deputy Commissioner Mysore ---- District.

With reference to the correspondence ending with your letter G. H.243 A.C. dated 27-11-1936, regarding the position and powers of the Jaghirdar, in respect of Sri Biligiri Rangaswami temple, I have the honor to state as follows:--

The Yelandur Jaghir was granted as personal Inam to Dewan --- Purnaiya in 1807. The entire administrative control so far as the Jaghir area is concerned, has always vested in the successive Jaghirdars ever since the grant. Within this area is situated, the temple of Sri Biligiri Rangaswami, which has all along been in the management of the Jaghirdar, except during one or two limited periods when the ~~Jaghirdar, except during one or two limited periods when the Jaghir~~ Jaghir itself was under Government management for obvious reasons.

There is abundant proof to show that the management of the -- temple was conducted solely by or on behalf of the Jaghirdars. When the Jaghir was restored by Government to the late Sir Ram. --- Krishnamurty on his attaining majority in the year 1869 the management of the temple was also transferred to him as is evident from the enclosed copy of Miruj No.121 dated 5-7-1869 (Register Extract) issued by the Superintendent, Ashstagram Circle to the Amildar of Yelandur Taluk, in accordance with the instructions received from the Chief Commissioner. I have not been able to get at the original Tarup in the search conducted till now.

A separate account of this institution is maintained in the ---- Taluk Office at Yelandur and a whole-time Circar Gumasta is employed for this purpose, in addition to two Tarupathdars and two Shanbhoghs who keep accounts of the temple. The scale of expenditure has been fixed and the temple staff consisting of about 50 servants are under the immediate control of the Jaghir Amildar. Monthly and Annual accounts of the temple are received from the Taluk and scrutinized in the Jaghir office. The Annual Administration reports together with account of receipts and expenditure of the temple are regularly -- submitted by the Jaghirdar to the Mysore Commissioner, through the -- Deputy Commissioner, Mysore District, and reviewed by Government.

I beg to submit that the management is being conducted on proper lines and the properties of the temple are also administered

Sir,

With reference to the correspondence ending with your letter No. 20 1400/28-29 dated 7th Octr/8th Novr, I am directed to state that it has been decided to entrust the management of the affairs of the Sirujai Ramaswami temple with the Palandurai Jahagir and I am directed to ask that Mr. Bapu Sahib may be appointed Trustee for the temple. This temple is undoubtedly a Mugavai institution and it is open to you to take all such steps as necessary for its proper

it is undesirable to authorize any coercive action which would lower the prestige of the Jahagirdar in his taluk. He has so far been the manager of this institution and for it Managing Committee that he may continue to occupy this position if he conforms to the conditions laid down for the proper management of the institution.

2 There are some points about which immediate action has to be taken and they are the following:—

(1) Separation of the finances of the temple from the finances of the Jahagir. The Jahagirdar should be asked to keep an independent account of the transactions of the temple and his banking account should be kept with the Imperial Bank Treasury or with the State Huzur Treasury Shirdaran

is conversant of the Jahagirdar and out-turns his Jahagir treasury he may make remittances to the credit of this account and draw upon it for meeting all the requirements of the temple.

(2) That are all the Inam lands endowed to this temple is a point which has been left in suspense since the grant of the Jahagir (1c) for over a century. It was directed in para 11 of G.O. dated 18th Feb 1897 that a careful enquiry regarding the whole Inam villages and minor Inams in the Jahagir should be conducted but this enquiry has not so far been made although it is now more than 20 years since it was ordered. The Supdt. Trichy and Deputation may be requested to arrange for this enquiry without further delay. ~~The Jahagirdar may be informed that the Secretary, in his opinion and~~

Sir,

I have the honour to acknowledge receipt of your letter No: 1375/Muz. 288-24-12 dated 21-1-1929 and further communications calling for my reply thereto regarding Sree Biligirirangaswami Temple in Yelandur and to state that the financial accounts of the Temple have been throughout kept quite separate and the Temple funds maintained intact quite independently of the Jaghir Income. With regard to the su--ggestion of keeping the amount pertaining to the Temple in the Government Treasury I shall submit my views in due course for favour of consideration. Meanwhile I may be permitted to state that the net cash balance of the temple being always small and less than Rs. 1000/- and never exceeding Rs.2000/-, Government may be pleased to accept my assurance that the present arrangement has not been prejudicial to the Temple, and that in the interest of the prestige of the Jaghirdar the practice prevailing hitherto may be kindly continued for the present.

As regards the minor Inams enquiry I beg to represent that it is a large question. I have just assumed the manage--ment of the Jaghir and have been acquainting myself with the details regarding this and other important questions. I beg

therefore

therefore that Government may be graciously pleased to grant not less than six months time to enable me to trace all the available papers covering a period of nearly a cent and submit my views in the matter. In paragraph LL of their Proceedings No: 233-35-D.C. dated 16th February 1896 Government state that " Colonel Grant and the Jaghirdar will be requested to submit for the orders of Government their respective proposals for such an enquiry." I shall be thankful to know if the Superintendent, Revenue Survey, has submitted his proposals. I shall after studying the old papers submit my proposals as contemplated in the Government Order of 1896. I beg that meanwhile Government may be kindly pleased to defer the enquiry till these preliminaries reach completion.

As regards the question of cost of repairing the Gowda--halli tank, I beg to state that the general position as at the end of June 1928 is somewhat as follows. A sum of Rs. 14,300/- was spent for repairing the tank and the entire amount was advanced from the Jaghir funds. Up to the end of June 1928 the total amount collected in the loan account was Rs. 15,000/- which stood as Rs. 12,500/- at the end of 1922-23. Out of this the following amounts have been spent on account of the temple:

(1) Rs. 2,000/- for the purchase of fresh lands for the benefit of the temple.

(2) Rs. 3,400/- for renovating a temple car.

(3) Rs. 3,600/- to meet the deficit that is excess of expenditure over income of the temple during the previous 5 years.

This leaves a balance of Rs. 6,000/- in favour of the temple out of the loan amount of Rs. 15,000/-. This is the amount available for adjusting the advance of Rs. 14,300/- made from Jaghir to restore Gowdahalli Tank. A sum of Rs. 2,300/- has been recovered from Gowdahalli ryots on account of

contribution

contribution payable by them. After adjusting these amounts there will still be left a sum of Rs. 6000/- payable by --- Gowdahalli to Jaghir, towards which a sum of Rs. 5,000/- is recoverable from Vadagere ryots on account of their contri--bution.

I have the honour to be,

SIR,

With reference to correspondence ending with your letter No.1318 /Muz.288-24-11 dated 15th January 1929 re: the management of the --- affairs of the Biligiri Rangaswamy temple in the Yelandur Jahgirdar, and your letter No. 433 Muz 288-24-15 dated 23/24 Aug 1929 forwarding the Jaghirdar's reply to the points raised in the first letter for my remarks, I have the honor to state as follows:--

2. As regards the first point, the Jaghirdar says that he has been maintaining the accounts of the temple separately from his Jaghir -- accounts; but he is not in favour of having a banking account in any of the State Treasuries for the reason that when there is a treasury in the Jaghir itself, the prestige of the Jaghirdar in his Jahgir will suffer, if he is not permitted to keep the amount in his own treasury. As the temple seems to have at present not much surplus to be invested, his request to continue the transactions in the Jaghir treasury alone may be accepted. But, it should be a distinct understanding that all the accumulated surplus of the Institution should, whenever it amounts to Rs.2000/- and over, ~~xx~~ be immediately invested in the Mysore Government Savings Bank in the name of the Institution as it will earn -- interest.

3. As regards point 2, the Jaghirdar has prayed for six more ~~xx~~ time to enable him to trace all the available papers relating to th inam lands endowed to the temple, and requests the Government to - defer the enquiry ordered in your letter of the 15th January 192[illegible],

Revenue Survey regarding the inams. I think as the Jaghirdar is just beginning to interest himself in the management of the Jaghir, it will be to his advantage if the enquiry is conducted under the direction of the Deputy Commissioner by the Sub ---- Division Officer, Nanjangud, in co-operation with the Jaghirdar, as that will give him the advantage of the experience of a ---- Revenue Officer in the conduct of the enquiry, which as he himself admits, is one of a complicated nature, involving as it does, the ransacking of correspondence of over a century. I would ---- therefore suggest that the enquiry may be at once taken up by the Sub Division Officer of Nanjangud Sub Division under the directions of the Deputy Commissioner and in collaboration with the Jaghirdar and that he be directed to complete the enquiry as early as -- possible, and submit a comprehensive report embracing all the -- points in the case and making definite proposals within three months.

4. As regards the point, viz., the apportionment of the cost of repairing the Gowdahalli tank, the Jaghirdar's letter says that he proposes to meet more than half the cost of the restoration from the temple funds. It is seen from the correspondence on this subject, that the tank benefits not only the lands in Godahalli village, which is the inam endowed to the temple, but also lands in Jaghir Vadagere village. The contribution that has been recovered from the ryots of Gowdahalli is said to be Rs.2300/-, while that to be recovered from the ryots of Vadagere is stated to be Rs.5000/-. These two items come up to Rs.7300/- and the balance of Rs.7000 which go to make up Rs.14,300/- spent upon the tank will have to be apportioned between the temple and the Jaghirdar in the ratio of Rs.2300/- to 5000/-. This would make the contribution payable by the temple to somewhere about Rs.2000/-, whereas the Jaghirdar in his letter states that out of the amount of the loan advanced from the temple to private parties which had been recovered, he proposes to appropriate Rs.6000/- for the restoration of the tank. How he could charge such a large amount to the temple needs investigation. The Sub Division Officer - may be directed to go into this question in detail and submit

a report as to what is actually to be collected from the ryots of the two inam villages and what should be the contribution to be paid by the temple and the Jaghirdar to make up the -- total cost of Rs.14,300/- incurred in restoring the tank.

5. It seems also desirable that the accounts of the temple for some years past, say for a period of 20 years, may be audite and correct balance to the credit of the institution may be -- ascertained. This work may also be entrusted to the Sub --- Division Officer, who will be assisted in his work by an Auditor deputed from this office.

I have the honor to be,

Sir,

Your most obedient servant,

for Muzrai Commissioner.

SIR,

With reference to para 3(2) of your letter No.1318 Muz.288-24-11 dated 15th January 1929 requesting to arrange for a careful enquiry regarding the whole inam villages and minor inams in the Yelandur Jahagir belonging to the Sri Biligiri Rangaswami temple being held by the Superintendent Revenue Survey, I have the honor to forward herewith co ies of letters Nos.H.701 of 28 dated 22nd April 1931 from the Deputy Commissioner Mysore District, and No.104 of 20-5-1931 from the Superintendent Revenue Survey and to state that neither the Sub Division Officer Nanjangud nor the District Survey officer Mysore District is in a position to take up the work in addition to his normal duties. The Survey Superintendent therefore suggests that a whole time officer possessing good ----- Revenue experience may be deputed for a period of 2 or 3 months to complete the preliminary investigation and submit findings to him for action under the Inam Rules. The Deputy Commissioner, Mysore District is agreeable to have the work entrusted to the Assistant Commissioner in charge of the Jahagir, but since that officer is for the time being an employee of the Jahagirdar, and represents the interests of the Jahagir in the enquiry to be conducted, I do not consider it desirable that he should conduct the enquiry in question as between the temple and the Jahagirdar. Under the circumstances, I beg to propose that an Assistant Commissioner may be placed on special duty for this investigation for a period of

per mensem and two peons on Rs.10/- each.

2. As the enquiry in question is undertaken primarily in connection with the determination of the right of Sri Biligiri Rangaswami temple which is a Muzrai institution in receipt of a cash grant of Rs.2-1-0 per annum, the cost of the establishment now proposed and other contingent charges connected with it as well as the travelling expenses may, in the first instance, be met from the Muzrai Establishment Fund subject to recoupment of the proportionate cost later on from the funds of the temple and the Jahgirdar, if necessary.

3. I solicit early orders of Government on the above recommendations so that the enquiry which has been pending since 1896 may now be completed and the rights of the temple and the Jahagirdar once for all determined.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

Letter No.H.701/28 dated 22nd April 1931 from the Deputy Commissioner, Mysore District to the Muzrai Commissioner in Mysore.

Subject:- Inam villages and minor inams, Yelandur Jahagir, enquiry.

With reference to the last portion of para 3 of Financial -- Secretary's letter No.1318/Muz.288-24-11 dated 15th January 1929 addressed to you, I have the honor to state that the Superintendent of Revenue Survey and Settlements wrote to me in his letter No.29 dated 20-8-1930 requesting to instruct the Sub Division Officer, Nanjangud, to hold a preliminary enquiry on the lines indicated in the inam rules. The Sub Division Officer, Nanjangud, who was requested accordingly now reports that the preliminary enquiry --- desired by the Superintendent of Survey requires the continued and undivided attention of a whole-time officer, and that it would be very difficult for him to undertake the enquiry along with the heavy work of the Sub Division.

A copy of the Sub Division Officer's report is enclosed.

2. Under the circumstances, I request that the Superintendent of Survey may kindly be requested to arrange for the enquiry beir conducted by the Inam department.

"C o p y"

For Muzrai Commissioner.

Letter No.104 dated 20th May 1931 from the Superintendent, Revenue Survey and Settlements in Mysore to the Muzrai Commissioner in Mysore.

With reference to correspondence ending with letter No.H.701/28 dated 28nd April 1931 from the Deputy Commissioner, Mysore District, to you regarding the preliminary enquiry to be made in respect of Inams in the Yelandur Jahgir, I have the honor to state that the Sub-Division Officer is, in my opinion, the Officer best fitted to conduct the preliminary enquiry as he can command the full co-operation of all the local and village officials and is thus in a position to get easily all the relevant information. Accordingly this course was suggested to the Deputy Commissioner so far back as Agust 1930.

However, as it is now urged that it is not possible for him to attend to this enquiry owing to pressure of other work, I agree to the proposal of the Deputy Commissioner that a whole-time officer may be employed on this work and would suggest that Government may kindly be moved to spare the services of one such. As you are aware, there is no such officer available in the "Inam Department." For the matter of that, no Survey Officer is available either for the work, as all the District Survey officers have their hands full of survey work. Further, a purely departmental officer who has specialised in survey may not be the one to do justice to work of this kind. It is important in my opinion that a capable officer with good Revenue experience should be chosen for the work. I should think that a period of 2 or 3 months would be quite ample to conclude the enquiry and to forward the findings of the Officer to me for further action under the Inam Rules.

SIR,

Adverting to G.O. No.785-7/ Miz.288-24-17 dated 4/7-10-29 sanctioning the proposals contained in this office letter No.C.774/28-29 dated 30/31-8-29 re. the management of the affairs of the Sri Pillai Rangaswamy temple in the Melkote Jaghir, I have the honor to forward herewith for information copy of the report submitted by the Senior Auditor together with 21 enclosures.

2. Further action in the matter is held in abeyance pending the receipt of orders of Government on the recommendation contained in this office letter No.C.774/28-29 dated 6-1-32 i.e. deputing an Assistant Commissioner to conduct the Iram enquiry.

Recd 19/5/32

3. On 16-6-31 the Jaghirdar of Melkote applied for certain copies of the correspondence relating to the enquiry held by the Sub Division Officer, Nagamangala, and I had no objection in the matter according to the allowance to the office of the copies of such of the documents as were not available in. Although it is more than six months since copies were given, the Jaghirdar has not sent his reply in spite of a number of reminders.

I have the honor to be,

Your most obedient servant,

Hiriannaiya
Muzrai Commissioner.

NOTE ON THE AFFAIRS OF THE SRI BILIGIRI RANGASWAMI TEMPLE IN THE YELANDUR JAHGIR TALUK.

This is a Muzrai Institution endowed with a ready money allowanc of Rs 2-1-0 per annum settled under Title Deed No.32 dated 1-10-1881, and payable in the Chamarajanagar Taluk where it has some minor Inam lands also.

2. In addition to the above, the temple is endowed with two Sarvamanya villages, viz., (1) Gowdahalli with a beriz of 238½ Kantirayi panams and (2) Soligarahalli and Iddalupalya with a beriz of Rs 86-2-1 Kantirayi panams including ಕಂ ೨೪೬ making up a total beriz of Rs 325-1-0 (vide Sannad). The above villages were granted by the late Dewan Purnaiya in the year Siddharthi (1799-1800) for Paditara and Deeparadhane expenses in the temple as per copy of Sannad enclosed herein. Of the two villages , Gowdahalli is an 'asli' village in respect of which Survey and Settlement have been introduced in the year 1896. But Soligarahalli and Iddalupalya entered in the Sannad are not 'asli' villages. but are hamlets of the main village Betta, treated as Sarvamanya Biligiri[illegible] Betta in the Survey and Settlement of 1896. The Inam Settlement has not been made in respect of these two villages although it was directed in para 11 of G.O. No. 233-35 Camp Sollebile dated 16-2-1896, that a careful Inam enquiry was necessary and the then Jahagirdar and the Survey Superintendent were requested to submit for the orders of Government their respective proposals in the matter. This has not been done till now and so a regular Title Deed has not been issued in favour of the temple in respect of these Sarva Inam villages.

3. According to the Survey and Settlement of 1896, all the village accounts have been prepared for Gowdahalli village and the income is being credited to the temple funds. As regards Biligiri Rangana betta village, the entire area consisting of 22776 acres has been divided into 4 Survey Numbers as detailed below:-

		A-G	
S.No.	1	5-20	coffee.
do.	2	21-36	"
do.	3	13-10	"
do.	4	22735- 6	pasture land (ಕಂದಾಯ ಪ)

The "Phaisal Patrika" and village map have been prepared. The Soligarahalli and Iddalupalya mentioned in the original Sannad of Dewan

64

Purnaiya do not at all find a place in the Survey and Settlement report of 1896 and instead Sarva Inam Biligiri Rangana Hill ~~s~~ bears.

4. In this connection it is necessary to explain in detail the identity of Soligarahalli and Iddalupalya mentioned in the Sannad and the relation they bear to the Sarva Inam Biligiri Rangana Hills. On the Hills there are a number of hamlets inhabited by Soligars which are called "Soligar Phodes". These are not permanent hamlets, but only appear from time to time. Whenever they find a particular spot not suited for cultivation on account of defertilization, or when they apprehend danger from wild elephants, the Soligars select a better and safer spot for occupation. From certain records it is found that about 1858 there were as many as 12 such phodes. These phodes are not surveyed and marked out as separate Survey Numbers. The assessment on these phodes was not originally fixed in cash but in kind, such as ragi, mustard, honey &c., which were being delivered to the temple. In 1844 Mr. Montogomerry, Superintendent of Astagram Division held the Jamabundy of the Hills and fixed the assessment on each phode in cash at 4 and 8 annas each. These rates are still in force, the amount realised therefrom is accordingly being credited to temple funds. There are now about 82 phodes spread all over the Hills ~~spread all over the Hills~~ yielding an annual income of Rs 41-15- to the temple. There is no mention of the Soligarahalli (Soligar Phodes) in the Survey and Settlement Report of 1896. The "Iddalupalya" referred to in the original Sannad is ascertained to have been a Soligar phode which became extinct long ago. In fact there are some spots now pointed out as 'Soligar Phodes' which existed in the past. One of these is "Purani". This has since been taken up for cultivation by the Stanik of the temple. This phode "Purani" is no mentioned in the Sannad of 1799-1800, but from a copy of Salwar Jama bundy statement relating to this phode, prepared in July 1859 and covering the transactions from 1799-1800 to 1859-60 it is seen that the cost of the articles to be delivered to the temple as assessment in kind such as ragi, horse-gram &c., was being credited to the temple funds. This phode is described as belonging to the temple and the first transaction appears from the year 1800. ಸ್ವಂ. If it was not separately shown in the Sannad it was because the name Soligara

Enc no. 3.

Soligarahalli was comprehensive enough to include these individual phodes wherever they were situated on the Biligiri Rangana Hills.

5. The villages mentioned in the Sannad of 1799-1800 were granted as Sarva Inams to the temple in Yelandur Taluk long before the Taluk was given as Jahagir to Mr. Purnaiya in December 1807. The constitution of the Taluk in 1799-1800 according to accounts was as follows:-

(1) According to the statement prepared in the year Siddharthi, a (1799-1800) i.e., the year of grant, (a copy of which is available in the Secretariat, the number of villages comprised in the Taluk was 23 Asli and 25 Dakhale making up a total of 48 villages. But in the Sannad granting Yelandur Taluk as Jahgir in 1807, only 46 villages (25 Asli and 21 Dakhle) are mentioned. The two Sarvamanya villages are excluded since they had been granted previously as Sarvamanya to the temple.

(2) In the consolidated annual Goshwaras prepared, these 48 villages are classified as detailed below:-

	Total Number of villages.	Under the control of the Amildar.	Jodi Villages.	Sarvamanya villages.
Asli	25	19	4	2 Gowdahalli Betta.
Dakhle	23	16	6	1 Soligara-halli.
T o t a l	48	35	10	3

The above classification was kept up till 1890-91 and the statement relating to that year was prepared and submitted to the Jahgirdar on 12-4-1895.

(3) In the Government Order of 1896 sanctioning the introduction of Survey and Settlement the number of alienated 'Asli' villages is entered as 6, which tallies with the above classification, only Jodi Ambale village was treated as Sircari (Jahagir village) and Jodi Yengayanakerepalya, hamlet of Jodi Melhalli was converted into an Asli village.

(4) That Soligarahalli is a hamlet of Asli Biligiri Rangaswami Betta is also proved from the entries made in the Chitta Jamabundi Goshwaras (annual accounts). In the Taluk records Chitta Goshwaras from the year 1841 are available. Some of these are in Mahrati. On examining a few Chittas the following information is available.

Year.	Sarva Inam Villages Asli	Dahkle.	R e m a r k s.
1854-55	1.Cowdahalli 2.Betta in the enjoyment of Sri Biligiri Rangannas	1.Soligara-halli as per previous years.	Beriz from two Asli and one Dahkle villages.325 Varahas and 1 panam.
1871-72	do.	do.	The beriz in Varahas was converted into Rupees and entered as Rs 945-12-0.

1885-86	do.	do.	Beriz Rs 945-12-0 Th Jahagirdar after scru izing this year's accoun has remarked on 10-10- as follows:
1890-91	do.	do.	Beriz Rs 945-12-0

Enc. 4

In this connection it is submitted that the name of the Iddalupal ya does not appear anywhere at all in the accounts and that Gowda halli and Betta together with Dahkle Soligarahalli belonging to t temple has been accepted by the Jahagirdar himself who has scruti -zed the accounts of 1885-86; and that the Beriz of the Sarva Inam villages as entere in the Sannad of 1799-1800 has been carried forward as such in th Chitta Goshwaras only with the difference that instead of Gowda- halli, Soligarahalli and Iddalupalya, Gowdahalli and Betta (Bilig ri Ranganna Hills) are entered as "Asli" Sarva Inam (manya) villages of the temple with Soligarahalli as a hamlet to Betta.

6. In accordance with the above, during the period the Jahgir was under the management of the late Mysore Commission i.e., previous to 1869 (the exact period is not ascertainable) due to maladminis- tration as per the Chief Commissioner's letter No.183 dated 16-4-1840 an extract from which is appended hereto:-

Enc No. 5

"The commission has therefore come to the determination of placing the above taluk under Amani and to nominate an officer of the Sircar to the immediate charge ..... subject to your con trol under the Rules in force for the other Taluk Amildars of you Division" (Vide Flag A of the previous booklet). Sri Biligiri Rangaswami Betta was treated as Sarvamanya to the te ple and its income from all sources including Forest was credited to temple funds. (Vide Amildar's report No.382 dated 7-10-1868 to the Superintendent Astragam Division para 7 infra). In 1864 there was an application for lands for coffee cultivation on the Hills which was rejected by the Astragam Division Superintendent, as on the score that the lands belonged to the Betta Temple the same could not be granted for cultivation. (Vide order No.208 dated 4-8-1864). Extract from the From Register is enclosed. Again 30-11-1868, the Amildar, Yelandur Taluk, reported to the Astragam Division Superintendent that for want of proper watch the temple was losing much of its forest income and that if a temporary estab lishment at a cost of Rs 20/- per mensem was sanctioned out of tem- ple funds it would be possible to collect about 20 to 25 candies sandalwood. In 1869, sanction was accorded to the above, (vide extract from the 'To' Register submitted herewith).

7. In the report dated 9-10-68 the Amildar, Yelandur Taluk, /while seeking instructions on the loss occuring to the temple by the free ~~grant-taking~~ of timber ~~by~~ to the Raiyats from Inam Biligiri Ranganna Hills, stated "that accodding to accounts the income from Chowkani d. to 1858-59 was being credited to Jahagir funds under the head 'Sayer' from 1859-60 (Siddharthi) according to the Division Huzur's Phaisalati accounts the above income and that of Jodi Sarvamanya villages were ordered not to be credited to Jahagir Sircar but to Jodi Sarvamanya and that the Paditara Deeparadhane expenses of the temple were being met out of the income from Sarvamanya villages, the forest revenue, ~~xx~~ and Kappa Kanikes; and that at the end of 1868 there was an accumulated balance of Rs 5480-7-3 at the credit of the temple". That forest revenue was being credited to temple funds was verified with reference to the Jamabundi Goshwaras of the temple from 1858-60 to 69-70 and the extract prepared therefrom is submitted herewith.

8. Final orders on the above report were not passed by the Astragam Division Superintendent, but the reference was transferred to ~~xx~~ Sir P. N. Krishna Murti, ~~who~~ he assumed charge of the Jahagir in July 1869. On 10-12-69 he (Jahagirdar) passed the following orders:-

(a) that as in the original Sannad granting Gowdahalli, Boligarandalli and Todalupalya as Inam to the temple, no mention is made about the forest revenue being conceded to temple, it was incorrect to have credited the same to the temple funds on the authority of Division Huzur Phaisalati.

(b) ~~(~~as the forest belonged to the Jahagir the raiyats were allowed to take timber free~~)~~ and that in future the forest revenue should be credited to the Jahagir funds and that the raiyats should be allowed to take timber free as before as per Forest Rules then in force.

Since ~~xxxxx~~ then the forest revenue is being credited to Jahagir Funds.

9. It is respectfully submitted that the reasons assigned for appropriating the Forest revenue to Jahagir and claiming the forest ~~of~~ Biligiri Ranganna Hills as belonging to Jahagir do not appear to be tenable for the reasons given below:-

(a) In the temple Sannad of Siddharthi (1788-1800) the items of revenue realised then, are only entered and that if forest income was not mentioned in it as stated by the Jahagirdar, it may be, that there was no income from that source at that time.

(b) Had the forest been granted along with the Jahagir it would have been mentioned in the Sannad granting the Jahagir but it was not so done since the Biligiri Ranganna Hills had been endowed as Sarvamanya to the temple 8 years before the grant of the Jahagir to Mr. Purnaiya

in the Chitta Goshwaras of subsequent years prepare in Office and submitted to him annually, and also in the Surv Settlement operations of 1896 where the Hills are entered a Inam Biligiri Rangaswami Hills.

Encl No 10. (d) In the order passed (No.38) by the Jahagirdar on 10-1. it is stated that as the Forest belonged to the Jahagir, the were allowed to take timber free which went to show that the belonged to the Jahagir but from the Amildar's report No.382 9-10-68 it is seen that references were available re: the fr of timber to the raiyats subsequent to the issue of Forest C and that there were no references in the matter previous to t above period. In the absence of any definite information it possible to say whether the raiyats had any free grant of tim the forest as stated by the Jahagirdar. But from the Jamabu Goshwaras of the temple (an extract is submitted herewith) th Forest Revenue from Solagarahalli endowed to the temple as pe nad was being regularly credited according to the Phaisalati Division Huzur to the temple funds from 1868-69 (Siddharthi) 1869-70 and that from 1870-71 onwards the income from this sou was dropped since it was credited to Jahagir funds as per orde the Jahagirdar.

Encl No. 9

10. The above are some of the important points found during an which go to show that the Biligiri Ranganna Hills is an endowm the temple as Sarva Inam and that the income therefrom from all sources belongs to the temple and not to the Jahagirdar. If the above view is correct the temple ought to get the income from it from the year 1870-71.

FOREST INCOME.

11. A statement showing the yearwar income and expenditure unde 'Forest' for 60 years from 1910-11 is prepared and submitted her with for kind perusal. It will be seen from the statement the principal items of income from the forest are:-

Encl No. 11.

(1) Bamboo and Thadike articles.
(2) Fire-wood.
(3) Chowbini (timber).
(4) Minor Forest produces.

The entire income from sandalwood does not appear to have been credited to the head 'Forest' in the Taluk accounts except in th year 1929-30 when a sum of Rs 13905/- is shown as the income from sandalwood. The amount entered as income from this source from 1910-17 to 27-28 in the statement is the cost of sandal chips. was also ascertained that in the year 1928-29 a sum of Rs 22076-12 is found to have been realised but not credited to Taluk accounts On account of working charges of sandalwood expenditure is incurr regularly from 1910-11 and the total amount thus spent during the years aggregates to Rs 4800-4-2. This shows that Sandal collecti was being made year after year. What quantity was collected cou

89

be found out, but from certain stray references the following information re: collection was available.

Year.	Tons.	Mds.	Lbs.	Remarks.
1916-17	30	7[illegible]	54	
1917-18	30	62	--	
1918-19	16	36	[illegible]2	
1919-20	15	48	7	
1922-23	12	--	--	
1924-25	16	20	--	
1926-27	11	7	[illegible]	
1927-28	17	3	[illegible]	
1928-29	11	8	[illegible]	

When and how the above quantity was disposed of and how much was realised therefrom, cannot be made out from the accounts. The total income from Forest during the 20 years from 1910-11 to 1928-30 was Rs 101,108-8-1 and the total expenditure during the same period was Rs 88021-2-11. (Vide statement attached). There has therefore been a net surplus of Rs 10,5107-5-2 and with the addition of Rs 2276-12 realised in 1928-29 and not credited to Taluk accounts the total amount due to the temple will be Rs 12,7[illegible]-1-2.

It is also learnt that a 30,000/- worth of sandalwood was in Seringapatam Koti in the year 191[illegible]-17 but references as to its disposal are not available.

12. The other sources of income are:-

(a) Excise.
(b) Inam lands.
(c) Contribution from devotees.

EXCISE.

The temple is entitled to get the Excise revenue. There are [illegible] toddy shops belonging to the temple but two of them are now [illegible] and the other at a place called Arishini [illegible] Hills.

When the Jahagirdar preferred his claim to the toddy revenue against the Government in the year 1[illegible], it was found that the seven toddy shops situated in alienated villages including the above two are excluded and on the strength of this the Jahagirdar of Kalkere and Kongaiyanakere-Mole got the amount of shop rent due to him which has been received by the Jahagirdar himself. (Vide [illegible] 111-27-3 dated 28-[illegible]-1928).

That the temple is entitled to the Excise Revenue is no a precedent. On a reference to the old Jamabundy Goshwaras o temple, it is found that the Excise Revenue of Gowdahalli from to 72-73 and 1880-81 and onwards has been credited to temple fu (Vide statement submitted herewith).

Enc: No. 9

According to the Excise schedules of Yelandur Taluk for th 1925-26 (the schedules of previous years are not available) the shops at Gowdahalli and Krishnaiyana Katte were sold along with Jahagir shops and the rental realised therefrom was collected by Excise Department and refunded to the Jahagirdar. A statement the amount realised from these shops from 1906-07, prepared on t formation available in the Taluk Office is submitted herewith fo formation.

Enc. No. 12.

hat amount has hitherto been refunded to the Jahagirdar on t account and how much of it belongs to Gowdahalli and Krishnaiyan will have to be ascertained from the Excise Department and claimd behalf of the temple.

INCOME AND EXPENDITURE OF THE TEMPLES.

INCOME DETAILS.

16. The temple has other sources of income such as the Land Reve Gowdahalli village, which has been surveyed and settled and the i from other minor inams. The income from Gowdahalli is the larg amounts to about Rs 1600/- and odd per annum and the income from o minor inams averages at about Rs 350/- per annum. These are col and credited to temple funds and utilised for meeting the Paditar Deeparadhane expenses of the temple.

CONTRIBUTION FROM DEVOTEES.

The other items of income are from Sevartha fees and Miras The Sevartha fees alone come to Rs 3400/- and odd on an average p num and the entire amount of Miras collected is paid to the templ servants. The remaining sources of income are insignificant. average income per annum from all sources amounts to Rs 8,200/-.

PERIOD EXPENDITURE.

The principal items of expenditure met out of the temple inco are:-

i. Paditara Deeparadhane charges. iii. Rotige to Villag
ii. Pay of temple servants. iv. Transport charges of supplied to the tem

The average expenditure comes to R 8200/- and odd. From this it will be seen that the temple is self-supporting. A statement showing the income and expenditure from 1910-11 to 1929-30 under different heads is prepared and submitted for kind perusal.

The sum of R 2248-3-3 being the tank contribution from the ryots of Gowdahalli shown under income will have to be refunded. On the expenditure side it will be seen that R 972-0-1 has been spent for car repairs and that the amount spent on temple repairs during the 20 years in question is only R 1157-9-6 -- a sum not enough for effecting necessary repairs to the temple situated on the Hills. The sum of R 1706-10-11 shown as Law charges is incurred in connection with law suit launched against the Inamdars of Kadaravadi and Dommanahalli.

Up to September 1910, there is no separate Huzrat fund account. Income from Sarvemanya Gowdahalli, Solagahalli, Kapte Kanive etc., was being credited to Jahagir funds on cheques issued by the Jahagirdar. Simultaneously a separate Imprest account was being maintained to watch adjustment of advances made to the temple. From September 1910 a separate Huzrai Fund account was opened with the opening balance of R 1345-2-6. The total income and expenditure from all sources during the 20 years commencing from 1910-11 were Rs. 64426-9-11 & Rs. 64-1-10 respectively. The closing balance on 30-9-30 is R 1357-9-8 but the balance as per Treasury account was R 1381-7-5 and the difference of R 26-13-8 between the two could not be found out readily.

LOAN ACCOUNT OF KADARAVADI AND DAMANAHALLI.

Out of the accumulated surplus of the institution a sum of R 14,000 had been lent to the Inamdars of Kadaravadi and Dommanhalli in 1874-75 and that in 1880 a registered document was obtained from the Inamdars for R 14,000/-. Owing to default in payment of the loan amount a Civil Suit was filed by the Jahagirdar as a trustee of the temple on 25-11-1912 a decree was obtained for R 22,700/- as detailed below:

Principal	R 14,000- 0-0
Interest	" 7,700- -9
Court costs	" 7 9-12-3
~~TOTAL.~~ TOTAL.	R 22,700- 0-0

The recoveries made towards the decretal amount, found to be 7, up to February 1920 and this amount, instead of being credited to

funds has been spent away directly for the following

tute:-

1. Rs 2000- 0-0 for purchase of lands in Yelandur and Yeriyur vi for the temple.

2. " 2902- 3-3 for construction of the big car.

3. " 5097-12-9 credited to temple funds from time to time for Padi Deeparadhane expenses, whenever the necessity wa

4. " 6000- 0-0 for purchase of Jodi Hellahalli village for the tem The sale was not confirmed. The purchase money h not been refunded to the temple. It is now in the Revenue Deposit Account.

Rs 19000- 0-0

Item No.4 made up of Rs 1500/- and Rs 4500/- has been in Revenue Depo since January 1926. If this amount had been deposited in interest bearing securities the temple would have earned about Rs 150/- at 5 Even now it would be better if the amount is withdrawn and deposited in interest bearing securities or utilised for carrying on the urgen repairs to the institution. A statement showing the recoveries mad towards the loan account is prepared and submitted herewith.

TRANSACTIONS between the Chatram and the temple.

On the Hills, there is a Chatram maintained by the Jahagirdar of his funds. Whenever the Chatram fell short of provisions or cas it borrowed on the temple and similarly the temple has borrowed provs or cash from the Chatram. Separate annual accounts for both the te ple and the Jahagirdar's ~~xxxxx~~ Chatram were being compiled. On ex mining the annual accounts of the Chatram it is found that at the close of June 1926 a sum of Rs 4,068-6-10 was due ~~to~~ from the temple to the Chatram (vide statement enclosed) which has been carried forward to the end of 1927-28 and from the year 1928-29 it has been dropped off.

Similarly, in the annual accounts of the temple a sum of Rs 2680- is found to have been due from the Chatram to the temple (vide state ment enclosed) at the end of 192 -27. After adjusting the amount f rom the temple to the chatram (Rs 5638-5-4 -- Rs 2689-6-10) a sum of Rs 2948-14-6 is due from the chatram to the temple which has to be re covered from the Jahagirdar and adjusted to the temple funds. This is also proved from the Amildar's report No.722 dated 28-1-13 paras 12 and 14 (vide extract put up).

93

Again from the temple Saljada accounts of 1909-10 it is found that a sum of Rs 5066-4-9 (vide statement submitted herewith) is also shown as due to the temple by the Jahagirdar. With the exception of the few items marked in this statement which were added on subsequent to 1887-88, the remaining items amounting to Rs 4247-12-0 appear in the annual accounts of 1887-89. As the annual accounts from 1910-11 to 1914-15 were stated not to have been prepared at all it was not possible to trace it further. However, this is substantiated in the Yelandur Taluk Amildar's report No.722 dated 28-1-16 referred to in the above para wherein it is stated that if the above amount and other amounts are credited to temple funds it would be possible to retain the establishment &c., Final orders on this subject were not passed by the Jahagirdar but the correspondence returned to the Amildar calling for further information has been filed in the Taluk Office on 24-2-16 with the remark that (ಪ್ರತ್ಯೇಕ ವರದಿಯನ್ನು ಸಲ್ಲಿಸಲಾಗುವುದು) a separate report would be submitted file for the present.)

Exc. 18.

HUDUVAT ENDOWMENTS.

The temple has got certain Huduvat endowments. Some of these are invested in Sri Chamarajeswara Bank at Chamaraj nagar, some in State Loan Bonds in the name of the Jahagirdar, and some lent to private persons &c. A statement showing the details is appended hereto for information.

Exc. No. 19.

MANAGEMENT.

The management of the temple according to the Sannad of Dewan Purnaiya granting the two villages as Sarva Inam to the temple vested in the temple Garupathegar Shamaiya, from the Amildar of Mel nour Taluk directed to make over the said villages with instructions to recover amounts due and to conduct the necessary services.

JAHAGIRDAR ONLY A MANAGER OR TRUSTEE OF THE TEMPLE.

When the management of the taluk changed, on its being granted a Jahagir in 1807, the same Taluk Amildar continued to have the control over the affairs of the temple and during the Mysore Commission when the Jahagir was under their management the temple affairs were being administered by the Superintendent Astagram Division. The Taluk was made over to the Jahagirdar Sir P. N. Krishnamurti as per Astagram Division Superintendent's order No.110 of 23.6.69, on 5.7.69 (illegible) in his order No.121 to the Amildar, Yelandur Taluk, instructed as follows:-

"That as in accordance with the Commissioner's lett Order No.110, has been issued to place the Taluk in charg o Jahagirdar, Krishnamurti until further orders, Rosewar chit as other accounts should be submitted to him and as regards temple fairs his orders should be obtained as was bein him (Astagram Superintendent)". (ide extract from the From' gister enclosed).

Some time back, while filing a suit for the recovery of arrea due to the temple from the Inamdars of Tadagevadi and Dammanahalli the Jahagirdar has stated in the plaint that he is a Manager. (Vid C.C. No./1811-12.)

SITUATION OF THE TEMPLE.

The temple is situated between the Mysore State and the Coimba District on one of the peaks of the Sri Biligiri Rangaswami range o Hills at a distance of 10 miles from Yelandur. There are two approaches -- one from Honganur (Chamarajanagar Taluk) side and the othe from Yelandur. From Yelandur to Krishnajonahatti at the foot of the Hills there is a cart-track, very much in disrepair. From here, th present commences. It is very steep and on the way there are crude stone steps here and there. It was stated that there existed an old cart-track from Krishnajonahatti right up to the Chattram and that this track being in a state of utter disrepair is not fit for cart traffic and that the same could be restored and rendered fit for traffi at a cost of about 2 or 3 thousand rupees. This point is worthy of investigation as by making the road fit for traffic not only a market for the rich and valuable timber and other Forest produce would be created, but would afford greater facilities to the pilgrims to go to the temple which would be a long way in enhancing the present income. It is at present very difficult (except for strong adults) to walk up to the temple by this route.

CONDITION OF THE TEMPLE BUILDING, ETC.

The temple is built of stone and consists of two blocks, one adjoining the other. There is not much architectural beauty about it. In the northern portion of the building Sri Swami is installed and to the right of it is the Sri Ammanavaru temple with a spacious hall in the front. A portion of the hall has since been converted into a Store Room, since the old stone Yagasala and stores are in a state of dilapidation. The Swami Sannidhi temple is dark and dingy; the floo ing is burrowed by bandicoots. This portion requires to be repaired

thoroughly ~~the Ammanavaru temple~~

The Ammanavaru temple standing out separately seems to be a later structure, subsequently joined to the main temple. The entire building is leaky. There is an old compound wall around the temple. Within this enclosure are situated the kitchen and the Nagasala and stores. The stone roofing of the kitchen is in a dilapidated condition, the flooring bad and the whole ~~xxxxx~~ building is a source of danger to the occupants. Just opposite to the kitchen in the northern corner there exists a stone Mantap about which ~~xxx~~ was pointed out ~~xxxx~~ as the Nagasala and stores. The condition of this building is equally bad. During the period the temple has been in the management of the Jahagir, no attention has been paid to improve the building. From the statement of income and expenditure ~~xxx~~ referred to in para 15 above, for the 20 years commencing from 1910-11 the amounts spent on repairs as per accounts is Rs 1157-0-0, a sum quite insufficient even for the annual maintenance of a fairly big temple situated on the Hills and exposed to much wind and rain. The question of urgent repairs requires early investigation.

SANITARY ARRANGEMENTS.

The surroundings of the temple are not clean. The dwelling houses of the temple servants are built outside the 'Prakara' close to the temple. Their cattle are picketted here. As arrangements are not made for daily scavenging, the place is insanitary. It is to be very necessary to appoint one or two scavengers.

WAY TO TEMPLE.

The only way both for man and cattle from the chatram to the temple is by a flight of stone steps which is steep and slippery, consequently the ascent and descent is difficult and dangerous.

CAR FESTIVAL AND ACCOMODATION FOR PILGRIMS.

Two car festivals are held, one in Chaitra (April) and other between March and April. Thousands of people are stated to congregate on these occasions. There is no proper accomodation the pilgrims. Except the Jahagirdar's chavadi which is reported be reserved for the occasion and is not easily accessible to pilgrims and the few 'Makaari' stone sheds as to which the pilgrims have no access there is no other shelter. It is stated that should rain during the car festival as it generally does, one

children are put to much inconvenience for want of shelter Th
a very popular institution in this part of the country and attra
thousands of pilgrims. Creation of facilities for the pilgrims
one of the most important items of work and if this is done the te
will attract many more pilgrims every year and there will be every
chance of increasing the income of the temple.

CARS AND CAR SHEDS.

The temple owns two cars, one big and the other small. Both
are left in the open and are exposed to sun and rain. In course c
they may deteriorate. Separate car sheds are very necessary. Th
smaller car called the Shankaranti car is in need of urgent repairs

WATER FACILITIES.

Next in order of urgency is the cration of drinking water facil
There is only one pond ( ) at a distance of about half a mi
from the temple and about two furlongs from the chattram. (Recentl
old pond, midway, has been repaired, but it is not useful for drinkin
purposes.) As the pond is about 500 feet lower than the temple it
very difficult to carry water from there. If some arrangement is ma
to have either a reservoir somewhere near the Chattram or to lay out
pipe-line from Somarasankera it will be a boon to the pilgrims assembl
for the Jatra and to the residents on the Hills.

I M P R O V E M E N T S.

The ~~following~~ improvements enumerated ~~above~~ below could be effected if
moneys due to the temple from different sources dealt with in the repo
are made available.

1. Repairing the temple.
2. do. kitchen.
3. do. Yagasala and stores.
4. Improving the conservancy.
5. Providing accomodation to pilgrims.
6. Renovation of the Shankranti Car.
7. Construction of car sheds.
8. Creating water facilities.
9. Improving the cart tracks.

It was stated that an estimate was sanctioned for closing the lea
in Kalyani, but the work was not taken up for want of funds.

SCALE OF EXPENDITURE.

The scale of expenditure was fixed in March 1880 by the ~~ten~~ Amild
Mr. Thimmappaiya. It was for Rs 925-0-3. The expenditure under Nitya
katle and Hetchukatle has since gone up considerably due to rise in the

of food grains. In some years moneys have been appropriated from the loan recoveries of Tadagavadi. The existing scale is being revised.

TEMPLE ESTABLISHMENT.

The temple establishment sonsists of about 50 appointments. The pay fixed in the scale is very insignificant but it is supplemented by rice doles and 'Miras'. In some cases one man holds more than one appointment. The combined income from all sources is hardly enough for maintenance of the temple servants except in the case of archaks. ~~A statement showing the average income of each temple servant per month is submitted herewith.~~

The issue of rice doles on the Hills is a necessity, since there are no shops close by wherefrom the temple servants could buy and this has been a strong inducement for these people to live on the Hills and, but for it, it would be difficult to find men to serve in the temple.

JEWELS AND OTHER ARTICLES.

It was stated that the temple owns costly jewels set with precious stones besides gold and silver ones. Some of these are lodged in the temple Boksa in charge of the Stanik and the remaining in the Jahagir Taluk Treasury. A list is maintained, but the weight and value of each jewel are not entered in it. The Assistant Commissioner in charge of the Jahagir has inspected the jewels in April 1930. The preparation of a correct valuation list is very necessary.

ABSTRACT STATEMENT OF AMOUNTS DUE TO THE TEMPLE.

A consolidated statement showing the amounts due to the temple from the M Jahagircar and that due from the temple is prepared and submitted herewith for kind information. In addition to the amounts shown as due to the temple there are certain other items such as Gowdahalli Pandaya dues, earnest money for construction of stone mantaps, cost of stolen articles, &c., as per statement submitted herewith which have been held in Revenue deposit for some time. The sums been credited to the temple funds from they could be drawn whenever required, the temple would be saved the necessity even though temporarily and the necessity to borrow would have been averted. The total outstanding earnest money for construction of mantaps received from time to time and held in deposit is Rs. 1303/-

Sri ~~xxxx~~ Chamarajeswara Bank, they would be earning interest

G E N E R A L.

Sri Biligiri Rangaswami temple is a rich institution with an average income of about Rs 8,200/- per annum. (Excluding the income from Forest and Excise.) The temple is held in great sanctity. a few subordinate temples situated on the Hills. The entire income spent away without either reserving anything for building up a reserve for repairs which is very necessary in the case of an institution situated in the middle of a thick Forest, or systematically investing a portion of the income so as to earn interest to supplement the income. If the income from sandalwood and other Forest produce and Excise, the temple is entitled to get is recovered and credited to its fund would be a rich major institution. Beyond exploiting sandalwood purposes of revenue no earnest attempt has been made to raise fresh growth of sandal. In the accounts of 1923-24 only once a sum of Rs 145-8-0 is charged on account of sandal dibbling. Creation of additional facilities such as repairing the abandoned road, construction of Rest Houses, and improving Water Supply, would make the place more popular and thus improve its finances considerably. The question of carrying on urgent repairs deserves early attention. During the survey an extent of 40 acres has been classed as Coffee lands. At present there is a small coffee plantation and a fruit garden on the Hills. The income therefrom is about Rs 50/- per annum on an average, and it at present credited to 'Forest.' If the estate is properly looked after the income will improve.

Respectfully submitted for kind perusal.

Letter No.A2 Muz.466/29 dated 2/5-8-30 from the Sub Division Officer, Gudigud, to the Deputy Commissioner, Mysore District.

Subject:- Sri Biligirirangaswami temple at Yelandur.

With reference to your office No.M.701/28 dated the July 1930 directing me to complete the enquiry connected with the Inam land endowed to Sri Biligirirangaswami temple etc., and submit my final report before the end of July 1930, I have the honor to state as follows.-

The points for investigation are.-

1. Enquiry relating to the inam lands endowed to the temple the main point on which a finding is required being whether the Tangair of the temple is entitled to the benefit of the forest on the Biligiri Rangana Hills.

2. Whether any contribution is to be paid by the temple towards the repairs effected to the Gowdahalli tank and

3. Conducting the audit of the temple accounts.

As regards point No.1, I beg to invite your kind reference to my reports No.A2 Muz 466/29 dated the 18th July and 22nd July 1930 in which I have stated that some ~~data~~ data has been collected and that it will be necessary to look into more records and examine the boundary marks at Yelandur and also to search if there are any papers bearing on the subject in the Central records at Bangalore. I could not go to Yelandur on the 27th July as had been arranged by me since I had to stop at Head quarters and meet Mr. P.N.Narasimha Aivangar in connection with the adjustment of flood regulation accounts as directed by you. I shall visit Yelandur this month after finishing my work there I will have to proceed to Bangalore on receipt of the Government sanction to examine collect the materials that may be available in the Central records. I will be able to submit my final report on this point soon after my return from Bangalore. I submit an index for ready information a resume of details of information collected up to now.

The next point for the investigation is the apportionment of the cost of repairing the Gowdahalli tank between the temple and the Tangairdar. It is

Tank work	R 9286-12- 6	) It is reported that the tank was repaired

	R16224-11-10	)

The tank had originally an extent of 76 acres 30 guntas assessed at R 270/- belonging to the temple and after the repairs it was expected to irrigate

extent of 378 acres 24 guntas of land as noted below

	Extent.	Assessment
Gowdanalli	207- 9	R. 271/-
Vadagere	170-35	" 226/-

It was also expected that a contribution of Rs.11358/- would be real from the ryots, P 6231-12-0 from Gowdahalli and P 5126-4-0 from Vadagere Vadagere ryots did not pay anything while the Gowdahalli villagers have Rs.1536-14-3 till now.

The expectation that the tank would irrigate an additional extent as above has not been realised. The additional extent brought under irriga after the restoration and that ~~after~~ by water flowing from the tail-end land only about 10 acres. The capacity of the tank has not been increased at Only the course of a halla which was running in another direction was div towards the tank by the construction of the ~~Suvadri~~ Sulakh anicut to serve as a and it was calculated that by this means the tank would always be kept ~~pu~~ halla bringing in a perennial supply of water to the tank.. As a matter there is no perennial supply of water in the halla and the ryots complain the ~~division~~ division of the halla has only helped to accentuate the silting up of tank as it brings down with its current an enormous quantity of sand and further with the construction of the said anicut the bund of the Gowdahall should have been considerably raised and strengthened so as to convert it big reservoir capable of irrigating the vast extent as noted above. As t not been done the Gowdahalli tank bund is always in danger of being washed when rains set in and heavy torrents of water get into the tank. Again t original capacity of the tank was about 60 units and now it is stated to b about 45 units only, the tank bed being silted up.

You were also kind enough to inspect the tank, the feeder and the Head on the 16th July. The full length of the ~~level~~ bund was examined. It does n certain any stone revetment except for a few yards in the middle, all the re being merely a heap of earth. It is thus clear that the project has, while has cost such a large sum of R 14000/- nearly, not been beneficial even in least degree to the temple Inam Gowdahalli village. On the other hand it has been injurious to the interests of the Gowdahalli ryots in as much as t Kaval bund has been left open to perpetual danger of being washed of tank itself is getting silted up. In these circumstances I do not think t is any justification for contributing any portion of the cost from the temp funds.

As regards the third and the last point i.e., auditing the accounts of

I have already applied ~~for the~~ for the services of an auditor. We work will be commenced and report submitted as soon as the Auditor is deputed for the purpose.

tract from Office Note and orders of the Assistant Superintendent ain J. S. Carnall) Ashtragam Division on the Vellardur's report Amildar' t dated 26-11-1868.

Office Note:- The Amildar brings to notice the great difficulty experier in collecting Pandayam from the Soligars who cultivate portion of land in the five villages on the top of the Pillaiyarnatham/Hills belonging to the temple Sarvamanya.

These Soligars live at great distance from each other from three years back, there was a Police peon that was entrusted with the collection. He died and nobody came forward to fill his place which was worth below two rupees a month.

The Amildar also brings to notice that there are no sufficient men to guard the temple which contains valuable jewels and plenty of vessels. To meet all this difficulty he requests that five peons may be appointed on a salary of rupees four a month. The money is to be met from the surplus fund of the temple as the Sarvamanya belongs to it. The Tahsildar of Vellardur has nothing to do with it.

Of the five peons, the Amildar proposes that three should be temple guards and two entrusted with the work of collection.

O r d e r:- Three would probably be sufficient.

From the office note and orders of the Assistant Superintendent S. Carnal), Astegram Division, on Velandur Kamakir Amildar's m- ed 30-11-1868.

OFFICE NOTE.-- The Amildar recommends an establishment of P 25/- as detailed below for the conservancy of the forest on the Piligirirangan Hills. The amount is to be met from the temple fund which is able to bear it. The jungle contains valuable timber such as sandal etc., at present P 60/- and P 70/- ~~xx~~ are collected from the sale of wood per mensem. The Amildar states that if good supervision be exercised a very large sum might be collected from this source. The vastness of the jungle and its inaccessible condition require no doubt a good establishment. The temple servants are not able to do the temple duties as well as to look after the trees etc. The jungle is a Sarvamanya to the temple. The establishment is worth sanctioning.

ORDERS:- Sanctioned. The Amildar should report what increase has been effected after 3 months.

SIR,

With reference to your letter No.677/Muz.288-24 dated 31st October 1932 calling for the submission of a full and detailed report regarding the revenue from the Forest on the Piligiri Rangan Hills etc., I have the honor to submit herewith copies of reports

Deputy Commissioner's letter No.H.701-28 dated 9-6-33)(vide Mar-
Sub Division Officer's report " A2.Muz.147-32 D/19-5-33)
gin) rec

ed from the Deputy Commissioner, Mysore District, and the Sub Di sion Officer, Nanjangud, in the matter.

2. In para 9 of the Deputy Commissioner's letter dated 9-6-33 it is stated that the question of appointing Dharmadarsis to the templ may be taken up after the temple is taken under Government mana ment and the scale sanctioned. There is no question of either divesting the Jahgirdar of the management of the temple or taking under Government management since it has been decided by Governmen (vide Financial Secretary's letter No.1318/Muz.288-14-11 dated 15t January 1929) that the Jahgirdar should continue the management under certain conditions.

3. The Sub Division Officer, Nanjangud, has estimated the incom from the Piligiri Rangan Forest at R. 5000/- per annum for the present and proposed an expenditure of R 1836/- per annum (now in

1. Ranger	45 plus 15 x 12	R 720/-	curred by the Jahgirdar

3. Watchmen 12	12 x 7 x 12	" 1008/-	towards the working of
4. Contingencies		" 12/-	
		R 1836/-	the forest.

4. Regarding the information called for about the amount required for penditure on account of establishment, sevas etc., the Sub Division Offi had furnished the following details:-

1.	Establishment including Police Guards	311-8-0 x 12	R. 3738- 0
2.	Hetchukatle including cooly charges		" 672- 0-
3.	Nityakatle		" 924- 0-(
	Cooly for carrying rice and other articles to the Hills		" 300- 0-
4.	Repairs and improvements		" 1500- 0-
5.	Contribution to Muzrai Establishment Fund @ 5%		" 500- 0-0
6.	Assessment and cesses on lands		" 365- 8-0
7.	Potgi to Gowdahalli Village Officers		" 115-12-0

10.	Forest Establishment		" 1836- 0-0
11.	R e s e r v e		" 500- 0-0
		TOTAL.	R. 11744- 6-0

The income of the institution under several sources such as Land, Forest Sevartha fees, Excise etc., is estimated at R 11744-6-0 per annum. This includes R 1200/- equivalent to 30 Varahas being the monthly cash grant from the Jahagir as noted in the despatch from the Governor-in-Council at Madras while granting the Jahagir to Dewan Purnaiya in 1807.

As for repairs to the roads and steps leading to the temple the Sub Division Officer reports that the gravel road from Yelandur to the foot of the Hill, a distance of 6½ miles, should be metalled by providing one or two culverts and this work has to be taken up by the District Board and the road maintained since the cesses collected in the Jahagir are being credited to the funds of the District Board. The cost of this work excluding bridge works and drains is roughly estimated at R 4000/-.

The cost of repairs and improvements to the path up the hill to be borne out of the temple funds is estimated at R 5000/- approximately.

The total cost of repairs that are reported to be necessary is roughly estimated at R. 8000/-,

6. I request that the claim of the temple to the forest revenue on the Hills may be decided early. In this connection kind reference is invited to my letter No.C.774/28-29 dated 6th January 1932 requesting sanction for deputing

an Assistant Commissioner for a period of three months with a small establishment for enquiring into the claim of the temple in respect of th whole Inam villages and Minor inams in the Jahagir including the Forest on the Biligiri Rangan Hills. If this is done all matters relating to the temple will have been brought to a final disposal.

7. The file of papers (containing nine statements) received from the Deputy Commissioner is enclosed herein for favour of reference and return

No.A1-Muz.147/32 dated nil from the Sub Division Officer, Nanjan Division, Nanjangud, to the Deputy Commissioner, Mysore District.

---

ct:- Providing a scale of income and expenditure for Sri Biligiriranga-swamy temple, Yelandur.

With reference to your Memo No.H.701/28 dated 21-11-32 calling for a report as to what revenue is derived from the forest of Sri Biligiri Ranganathaswamy Hill and what expenditure is necessary for providing for the proper conduct of worship and sevas in the temple and what repairs are necessary for the temples etc., I have the honor to state that I visited Yelandur on 17-2-33 and studied the records relating to the temple and again went to the Hills on 14-4-33 in company with the Assistant Commissioner in charge of Yelandur Jahagir, the Forest Ranger and the Sub Overseer and inspected the temple and all its adjuncts. I beg to submit the following report.

The income derived from the forest is set down in statement No.1. It shows the income derived from the sale of timber and other forest produce during the past 3 years and that derived from the sale of sandal also. Timber and other produce are sold in the Taluk office while sandal is sold by the Jaghirdar himself. The dead sandal is removed from the forest to the Taluk office at Yelandur and dressed there and kept in the custody of the officer in charge of the Taluk. When quantity of sandal becomes appre tenders are called for by the Jaghirdar himself, and the amount is received by him; and his agents at Yelandur are asked to deliver the sandal to the person whose tender is accepted by him. The Jaghirdar intimates the office the amount so received by him. The amount thus shown as having been realised is R 13905/- in 1929-30 and R 7196-14-0 in 1931-32. The sale was held i 1930-31. As can be seen from the statement the total income of the forest produce for the past three years are:-

1929-30	R. 2044- 5-8
1930-31	" 4966-10-8
1931-32	" 10892-12-8
	R. 36300-13-0

An attempt was made to strike the average income from sale of sandal wood, so that the income now taken may be as accurate as possible. It was not possible to trace any reference in the Taluk Office as to whether sales actually took place during the years 1922-23 to 1927-28. Even if sales were held the realisations derived therefrom have been apparently left out of the accounts of the Jaghir. The average yield of sandal wood per year is reported to be about 10 tons in the rough condition which yields about 7 tons of dressed wood. The price of this is estimated at R 750/- per to

The average cost of collection carriage and dressing of the wood is re to come up to R. 25/- per ton. The net realisation will be R. 725/- per ton and the average normal income under this head may therefore be taken at R 725 x 7 - 5075 or R 5000/-. But it is understood that most of the sandal is exploited and that in future at least in the next 15-20 years the income from this source will appreciably decline. A figure of R 3000/- per annum may hence be taken with safety as the annual average income in future years The timber trees also are being exhaused rapidly in the near reaches and it is feared that in future either the applications for timber will go down because of the increased cost of exploitation or the rates will be diminished for the same reasons. There is no regular planting work done and there has been no working plan for exploitation of the forest.

4 For the working of the forest and establishment as noted in the margin

One Ranger on R. 45/- 15/-	R 60/-	- R 720/-) is now being entertained.
One Guard on R. 8/-		" 96/-)
12 watchmen at R 7/-		"1000/-) This staff is under the control
Contingencies at R 1/- per month		" 12/-)

of the Revenue Officer at Yelandur and consists of one Ranger on R. 45/- plus R 15/-. one Guard on R. 8/- twelve watchers on R. 7/- each and a bungalow caretaker on R 7/-. Of these the Bungalow caretaker's pay is not a legitimate charge on the forest expenses as the bungalow belongs to the Jaghirdar. This establishment may be retained in toto except for the bungalow servant. The total expenditure thus comes to R 1836/- per annum.

For the proper working of the forest and for ensuring good revenue it may be advisable to make the staff of the forest subject to the supervision on the technical side of the Forest Sub Division Officer at Chamarajanagar. Working plans may have to be got prepared and after scrutiny by the Forest Department adopted for the working of the forest. If the Department were to charge anything for the supervision and advice the same will have to be included in the expenditure in the scale later.

6 Statement No.2 shows the list of establishment with the pay sanctioned for appointment and also the proposed scale. The original scale is reported to have been sanctioned for each appointment and so long back as 1880 by the the Jaghirdar as per Muz.order No.8 dated 5-7-1880. The remuneration payable to the temple staff is mostly in kind, only a nominal pay being fixed in respect of each appointment. As the temple is on the top of the hill and as there is no village near by it is rather difficult to get men to keep on in their appointments in the out of the way place This has to be their sole means of livelihood and hence the pay etc., have to be comparatively liberal. Moreover the old scale was drawn u

up-53 years ago and required some material alterations. Hence some modifica
and alterations are proposed also. Some of the posts are vacant and may be abolished as noted against such items in the statement.

7 The entire scale of pay is now fixed in terms of cash instead of being paid in cash and in kind as hitherto. This avoids many unnecessary complications and possible pilfering of articles which are to be paid in kind, at the time of measurement etc. Conversion into a cash basis has its own advantages and among other things will also avoid fluctuations of expenditure which now varies according as the prices of food stuffs are high or low.

8 The distribution of boiled rice which the temple servants were getting in addition to pay and miras is proposed to be continued as before as such practices obtain at present in temple such as those of Melkote, Nanjangud & the
The money equivalent for/miras they were getting in kind has been added on to their pay at the prevailing rates. It is expected that the present rate would not vary appreciably for the next few years.

9 At present the articles of Nityakatle and Hetchukatle are taken delivery of at the Taluk Office at Yelandur, and then taken to the hills by coolies engaged usually at R 0-2-0 per head. This arrangement is stated to be in vogue since a number of years and it is stated that it is cheaper as the coolie, if paid, by the Jaghirdar or his agent, is always low (about R 0-2- and as this system also renders it possible for the Gumasta at the Taluk office, Yelandur, to check the supplies before despatch to the hills. T h Taluk office have now undertaken to discharge this duty because the temple is being managed by the Jaghirdar. When the management of the temple is taken over under Government management the services of the officials of the Taluk office cannot perhaps be indented upon gratuitiously for this purpose nor are the coolies under any obligation to carry the articles at a less rate of wages as hitherto and they may demand higher rates. Tenders will have to be called for and articles supplied by the contractor and delivery taken on the hills instead of at Yelandur. There may be some increase all told in the total expenditure as the contractor has to include coolie charg at higher rates but that will be counter balanced by the abolition of ex penditure under other heads. It will be enough if the things are checked once on the top of the hills by the Peshkar and taken into stock. If the present arrangement is continued one official will have to be kept on at Yelandur also for taking delivery of the articles and then sending them up to the hills by engaging coolies. The pay of this official may be brought

under savings. The average expenditure under coolies for the past three years works up to R 140/-. But nearly thrice the amount has been provided for in the scale in view of the possible higher rates of coolies hereafter that will be charged by the contractor.

NITYAKATLE AND HETCHUKATLE.

Nityakatle.

A statement is appended hereto showing the articles of provisions excluding rice that are now supplied for daily use in all the three temples of Sri Ranganatha, Gangadhareswara and Gajendraveradaswamy. At the prevailing rates the cost of the provisions will come up to R 44/- per month. A sum of R. 50/- has been provided in the scale to improve the quality and also the quantity of Chirnada thalige, Asheeranna, Dadyanna and Dose. The rice that is being used daily for Nivedana is 2¾ seers per day. This has been increased to 3 seers per day. The rice per stapana is kept at the old rate that is 29 seers per month. The old rates have been kept up in the cases of Nivedana of Sri Gangadhareswara and Gajendra varada at 35 and 31 seers per month respectively. At present 180 seers of rice per month is being given for Nityakatle expenses other than miras. This is slightly increased to 221 seers per month.

As regards Hetchukatle sevas the old existing sevas and also the rates have been kept up. A list of such Hetchukatle sevas is also appended herewith. A lumpsum provision of R 750/- per year for all Hetchukatle items has been provided in the scale now proposed. It is expected that this amount will be sufficient.

There are now three peons and three kavalgars or watchmen. The three watchmen keep watch near the two sannidhies of Rangaswami temple and Gangadhareswara temple. In Rangaswamy temple valuable jewels to the value of nearly R. 15000/- are reported to be in daily use and in view of this the watch now provided seems to be inferior and inadequate. Especially in an out of the way place surrounded by forests and with no village or other habitation near by, it is very insecure leave the temple not guarded properly. Instead of the three watchmen and the 3 peons now existing two peons on R 10/- each and 4 Police men (3 constables and one Daffedar) are provided for to keep watch during both day and night. Provision has been made for their pensionary contribution and dress allowances also. The Muzrai gumasta who is now working in the Taluk office on R 15/- is proposed to be discontinued and instead of this man and the Chikka Parupa the sar provision has been made for a Peshkar on R 25/- a month as this temple is a fairly big one with a good income and responsible man is very necessary to control the temple servants, to look to the proper performance of utsava, check the jinisi articles their issues etc. An extra allowance of Rs 5/-

per mensem may be given to the Muzrai clerk of the Chamarajanagar Taluk office and he be entrusted with the work relating to this temple if the temple be taken under Government management. There will be thus a slight increase of R 10/- per month by this means.

13 An explanatory note for each item of income and expenditure clearly showing the necessity therefor has been made. Due provision has been made for all Nityakatle and Hetchukatle items noting the charges therefor in cash instead of in kind, as done hitherto.

14 One argument that is advanced in favour of the payment of miras in kind as rice, is that it has been enjoined by the Jaghirdar that out of the tot rice payable to the temple servants, one half should be offered as Nivedar to the deity and then distributed among the temple servants the other half being distributed raw.

15 Though this argument held good in the time when the scale was drawn up it has now ceased to be of any importance. Several posts are being held by the same individual for paucity of men. It is not absolutely necessary to insist on this present arrangement being continued as after all the persons get what they are entitled to but get it in a cooked state. This is analogus to the distribution of ಕಚ್ಚಿ ಅಕ್ಕಿ in temples like the Srikanteswaraswami and Chamarajanagar temple and may be kept on as ತಿಟ್ಟಿ ಅಕ್ಕಿ or converted into cash and added on to the scale. The nivedana that is now being offered to the deity in the form of boiled rice which is only 2½ seers of rice has been slightly increased as to avoid this sentimental objection.

Repairs.

There is a gravel road from Yelandur to the foot of the hill the distance being 6½ miles. This road has been repaired recently for the expected visit of His Highness in January last but if annual repairs are not executed it may get into its old condition. At best it is a fair weather road and unless this is metalled and made fit it will not serve any useful purpose. One or two culverts are also necessary. The cesses collected in the Jaghir are being credited to the funds of the District Board and as such this road should be maintained by the District Board as it serves a good number of villages such as Ranganathapura, Varagambalii, Gumbahalli, etc., in Yelandur Jaghir. The total estimated (rough) cost of metalling the road from Yelandur to the foot of the hills barring the bridge works and drains comes to R 4000/- approximately.

The path up the hills consists of 3 stages. The first and the last

[illegible] rough stone for a

portions. Steps and paving with rough stone are necessary for the rest the portions also. The middle section is practically level or a gravel path way is quite enough for this portion.

Some rough stone paving in the first section has been done by Mr.Reddiyar of the place. The improvement to these portions still to be done are estimated to cost R 1000/-. Check and side drains will have to be constructed for th road on the level ground in the middle. All the maintenance charges and the cost of repairs have to be borne out of the temple funds. The total estimated cost for all works re: the path to the hill is R 5000/- approximately.

It is stated that there is a leak in the kalyani and repairs for closing it are necessary. It is not possible to estimate the cost for this item of wor the pond is lined with stone slabs and the leak was not apparent at the time of spection. This is the only source of water for the temple servants and for the public during Jatra and it has to be taken up urgently. Some provision is made for periodical cleaning of the pond and its approaches also. Other details of work relating to this Pushpkarani are noted in statement No.1. Removal of silt from Somarasankara where the Thepotsavam is performed is also stated to be necessary. But I have inspected the tank and this item of work does not impress me as of an urgent nature. This can be taken up later when the funds of the temple permit and when other urgent and necessary items are attended to. There is a chattram and there are also two bungalows belonging to the Jaghirdar on the hills. The chattram is maintained solely out of the Jaghir funds and the bungalows also are taken care of by the servants of the Jaghirdar. The repairs of the bungalows are also charges on the Jaghir. One peon of the Forest Department on R 7/- per month is detailed for duty to take care of the bungalows. One of the bungalows has been placed at the disposal of the Forest Ranger for holding his office and probably this is the reason why the pay of the peon is charged to the Forest establishment. Statements of works and repairs necessary is appended.

The total cost of the repairs that are reported to be necessary is roughly estimated at R 7955/- or R 8000/- approximately. If all these items cannot be attended to at once some of them may be taken up each year as the funds at the credit of the temple permit and they may be completed in a period of two or three years. These are works of a capital nature and provision has been made in the scale of income and expenditure of the temple for annual repairs of a petty nature and white washing.

1286

The details of the present assets and liabilities of the temple are given below:-

Assets.

1. Amount held in S.B. current account in Chamarajanagar Taluk Treasury (R 4000/- had been deposited but R 850/- has been withdrawn.	P 3150/-
2. Loan amount to be recovered from the Inamdars of Thadagawadi and Dummanahalli at R 500/- per year as per decrees of the Civil Court.	" 5700/-
3. Amount due from the Jaghirdar being the unadjusted sale amount of Inam Mellahalli village.	" 2000/-
	R 10850/-

Liabilities.

1. Moobadla amount due to the Jaghirdar from temple.	P 500/-
2. Do. due to Narasimhaswami temple at Agara	" 1000/-
	R 1500/-

If the amounts relating to the Jaghirdar are adjusted a net cash balance of R 2650/- will be available at the credit of the temple with an additional income of R 500/- per year which will continue for the next 12 years at least. This income of R 500/- has not been taken into account in the scale proposed as it is not a permanent annual income.

P 1200/- has been held in deposit in Chamarajanagar Taluk Treasury S.B account No.1106. This represents the amount received from the devotees as a security for their constructing some mantaps on top of the hill. As the amounts have to be refunded to the parties on their completing the mantapam these amounts also have not been taken into account. The interest accruing on these amounts which is being credited to the temple funds has not been taken into account also.

Puduvat Sevas.

Besides the Hetchukatle sevas there are also some private sevas for which puduvat amount has been deposited by the parties. A statement of such sevas is enclosed. The total puduvat amount comes to P 1473-10-0 of which R 1161-8-0 has been deposited in the fixed S.B. account in Chamarajeswara Bank at Chamarajanagar. The rate of interest for a portion of the amount is 9% and for the rest 7½%. R 137-2-0 is held in Mysore State Loan bonds R 110/- has been recovered and added on to the funds of the temple.

ed by the donors

to private persons and personal decrees have been obtained for the recov. the same. Further investigation of these points have to be made With the exception of one case where the interest recovered from the amount deposited is not adequate for the performance of the seva the other sevas are said to be performed regularly.

Dharmadarsis.

The management of the temple was ~~xx~~ being looked after by the Jaghirdar. It was once thought of to appoint a set of Dharmadarsis to the temple to look after its management, but the question was deferred on the ground that proper persons were not available and that the appointment of Dharmadarsis was though derogatory to the prestige of the Jaghirdar. But that argument will not hold good if the temple is taken under Government management. As this will be a major Muzrai institution the appointment of Dharmadarsis becomes obligatory under the Rules in force. The names of gentlemen who are fit to be appointed as Dharmadarsis and who are willing to work as such will be submitted in consultation with the Revenue officer in charge of the taluk if required after the scale is sanctioned.

The scale now proposed may therefore be sanctioned tentatively for a period of one or two years and revised if necessary at the end of the period. Due provision has been made in the scale of income and expenditure for the proper maintenance of the temples in question. Reserve fund and contribution to the General Muzrai Funds have been provided in the scale on the assumption that the entire forest income would be credited to the temple funds.

The Jaghirdar has not sent up his reply so far though he was written to to send the same.

Dated, 18th December 1.

Dear Sir,

With reference to your D.O. letter No. 526/Dgz. 208-2 dated 5th October 1934 to Mr. S. Venkatakrishnaiah for calling for my views a draft of the Government Order proposed to be issued in the matter of my right to the forest on the Biligiri Ranjaswami Hills, I regret I cannot consent to the draft, since I consider it to be quite opposed to the facts and the evidence of the case. The draft seems to have been based on the note of the Sub Divisional Officer of Nanjangud on this subject. I have this day sent to the Deputy Commissioner of Mysore my detailed reply to that note and I have given in that reply my reasons for disagreeing with it entirely. I herewith submit for the information of Government a copy of that communication.

As this is a matter of vital importance to myself and concerns directly the benevolent object for which the Jaghir was granted to my family, I request that before final orders are passed I might be given an opportunity of representing my case either in person or by an accredited representative.

I return herewith the draft of the proposed Government Order, as desired by you.

Yours sincerely,

Sir,

Subject:- Grant of the Sri Biligiri Rangaswami Temple to the forest on the Biligiri Rangaswami Hills.

---:o:o:---

With reference to your letter No. R. 701/36 dated 31st March 1931 (and subsequent reminders) forwarding for my reply and a statement of my case on the note submitted by the Sub Division Officer of Kollegal (i.e. P. Muddukrishnarao. . .) on the subject of the Inam lands endowed to the Biligiri Rangaswami Temple:

The main question, as stated by the Sub division Officer in his note, is whether the Jaghirdar or the temple is entitled to the forest on the Biligiri Rangaswami Hills.

The decision of this question seems to depend on the effect of two documents about the authenticity and [illegible] nature of which there can be no dispute:

(1) Devaraja Ramayya's Sirpa dated 15th of Margasira Suddha or Bahulami. (1720-1800)

(2) The Sanad dated the 2[illegible] of [illegible] 1738 A.D. [illegible] granted by Kempe Gowda [illegible] the Jaghir of Yelandur [illegible] Biligiri Rangaswami [illegible]

144

There can be no question that in the absence of an ex
direction to the contrary, the <u>ground</u> [illegible] taken subject to the right created by the earlier [illegible] favour of the temple.

It is, therefore, essential for the right determination of the case that the two documents [illegible] subjected to a full unbiassed examination. Copies of these [illegible] convenience of reference in [illegible] (Enclosures Nos. I & II ×).

× II Consists of 4 Serials

I propose first to [illegible] Sub Divisional Officer [illegible] as Inam [illegible] this kind in [illegible] examined soon. [illegible] results of the [illegible] will be [illegible] [illegible] instructions [illegible].

> "As explained above, the hill had also been granted to the temple six years [illegible] and it is too much for anyone to say now why an allusion to the jungle was made in the correspondence and whether it has any significance at all. I may add that besides the forest on the hill [illegible] there is some jungle on the slopes. It is just possible that the allusion is to [illegible]."

As for the doubt whether the allusion has any significance at all, it is enough to say that Sir John Anderson wrote his letter as Governor of Madras, and it must be taken as [illegible] responsibility in the matter. As for the assumption that the objection was to the Division officer's [illegible] above cited as well as by the subsequent letter No. 380 dated 5th October 1936 that there is no jungle [illegible].

The Divisional Forest Officer writes:

> "The Tahsildar points out that the [illegible] which [illegible] the [illegible] the [illegible] over the hill."

Over the whole matter a considerable record, it was not necessary to mention all the details. The real point of the officer's [illegible] to the [illegible] that he holds that the [illegible] the temple. [illegible] opinion, [illegible] the whole.

[illegible] to [illegible] reference to [illegible] conclusive [illegible] clusion is [illegible] [illegible]

the Firoop was found insufficient to cover the cost of [illegible] of the testik. The Amildar proposed, and it was ordered, [illegible] the increased expenditure should be met from kanikeu (offer[illegible] from devotees of the temple). If the forest revenue had been granted to the temple this increased expenditure would [illegible] have been met out of those revenues.

From the language of the Firoop it is doubtful whether anything more was meant by it than the creation of a charge on the revenues of the taluk. From the concluding portion of the Firoop it may be inferred that prior to that date the affairs of the temple were in an unsettled condition, that the scale of expenditure had not been fixed and that every year a separate grant was being sanctioned from the taluk revenues. The Firoop fixed the scale of expenditure and dispensed with the necessity of separate annual sanction. (Which must have involved delay by erecting an automatic charge on the taluk revenues, and by pointing out the items which should be recommended for certain temple charges. This interpretation was borne out by the inclusion of Gowdahalli and Doddigondahalli with its dibsche in the grant to the Jagirdar (the remainder consisted of Mr Sullivan's letter). The Jagirdar seems to have taken over from Government the responsibility for the maintenance of worship in the Sri Pillirari Rangaswami temple and it is understood that the administration of the temple has been with the Jagirdar since the creation of the Jagir.

Even giving the Firoop its most liberal interpretation it cannot be construed to grant more than the Inam of the village specifically mentioned in it.

The Sub Division Officer has attempted to establish that Doddigondahalli with its dibsche Idduvanikyam enjoyed in the Firoop means the whole of the extending village and therefore now constitute a part of the taluk. In support of this contention he has advanced various reasons of which two

109

most important is that Soligarahalli was sometimes called "Betta". The only village on a hill may be popularly called "Betta", but this proves nothing. On the other hand, there are conclusive reasons against the assumption that [illegible] meant the whole of the "Betta", that there [illegible] village of that name and that the settlement [illegible] nothing else. If Soligarahalli [illegible] and forests, where was the need to [illegible] It is perfectly clear [illegible] 1858 under the orders of [illegible] (otherwise known as _hodes_) were really [illegible] the midst of cultivated land. [illegible] that there were land [illegible] actually applied on [illegible] _halli_ [illegible] Jungle tribal [illegible] Soligaras [illegible] Soligarahalli. [illegible] Soligarahalli was [illegible] the Betta. [illegible] Soligarahalli [illegible]

In [illegible] following statement:

> [illegible] the [illegible] of the [illegible] realisable [illegible] including [illegible] to the [illegible] year 1870, [illegible] assumption [illegible] Division Officer [illegible]

The above is an incorrect [illegible] Division Officer had [illegible] would have found [illegible]

(iv) Power to collect arrears of land revenue for more than two years, and

(v) Power to collect contribution for irrigation works as an arrear of land revenue:

These questions are coming up in two cases which are posted for hearing to 18th August 1928.

JUDICIAL.

(i) The Jaghirdar has never exercised, and there is no question now, of investing him with civil jurisdiction.

(ii) As regards criminal jurisdiction, the powers of a Magistrate were given by name to Sir P.N. Krishna Murthy but no precedent has been established and there is no necessity in future for giving such powers to the Jaghirdar. The practice of giving magisterial powers to the Jaghir Amildar has also been recently discontinued, as a result of the introduction of the Separation Scheme.

(iii) As the Jaghirdar has no longer to maintain any establishments on account of Judicial Administration, he will not be entitled to any income from Court Fees, Criminal Fines, etc.

POLICE.

Under Government Order No.P.5254-7/Pol.170-24 dated 5th April 1927 the Jagnirdar is invested with powers of a Superintendent of Police. It is perhaps desirable to cancel this order and relieve the Jaghirdar of the duties of Police administration; he may be required to pay contribution to the extent of the expenditure now incurred on the maintenance of the Police in the Jaghir.

Registration, Lock-ups.

Similar arrangements may be made with regard to these also.

LOCAL CESSES.

Local Cess is being collected by the Jagnirdar and an --

150

was being credited to the temple. Prior to that date the forest revenue which was merged in sayar used to be credited to the Jaghir funds. For the first time in 1860-61 [illegible] Rs. 166-15-5 was credited to the temple funds under a misapprehension of the orders of the Superintendent of the [illegible] Division, who, during this period, was administering the Jaghir owing to the minority of the then Jaghirdar. The Jaghir was under Government management from 1[illegible] as the Jaghirdar being a minor was not in a position to properly protect his own interests. In 1[illegible] after careful consideration of all the facts of the case [illegible] the state of things which existed before the misunderstood order of 1858. It will be seen from the figures given by the Sub Division Officer in the margin on page 11 that the income from Poligarchalli was inflated during these years by the incorrect inclusion of forest revenue. [illegible] figures as normal is to misunderstand and mislead the Court.

All the evidence relating to the temporary transfer of forest revenue to the taluk has been summarised in the Yelandur Amildar's report No. 352 of 9th October 1861 (Enclosure III) of which a free rendering is given below:-

"(1) The revenue from timber in the hills on the hill was being included in sayar and credited to the Jaghir funds till 1858-59 (Kaloyukti);

"(2) In 1859-60 (Siddhurti) at the time of preparing the Phaisalati account in the Division Office, it was noticed that as the revenue from timber together with the revenue from the Jodi Karvalanye villages were not to belong to the Jaghir Sarkar, but were to belong to Jodi Kere Sarkar, that the said amount should be kept in suspense (ಎಸ್ಕ್ರೋ) on the kalabund of the year. In the Mathura (new book) abstract) of the Sri Bilikiri Ammanni Devaru for [illegible] the sum of Rs. 166-15-5, being the said timber revenue [illegible]

151

was included and since then the forest revenue is being credited to the temple. This is borne out by the phrase in the taluband and the Jamabandi Goshwara of the temple;

x x x x

"(3) In the Jannad of the temple there is no mention of all of the timber revenue from the jungle;

"(4) To prove that the jungle and the timber belonged to the Durvankya Tirthgiri Swamiji (p. 9), there is no reference other reference except the recognition of the timber revenue after having been credited to the deity some time, was subsequently credited to the temple. Since this temple jungle timber is the property of this deity it is understood that, therefore, timber cannot be considered to be property free to enjoy for any [illegible]

[illegible] report was (1) [illegible] never [illegible] [illegible] still [illegible] revenue, (2) but [illegible] why it is not clear. It was [illegible] forest [illegible] [illegible] matter enquiry. [illegible] time, why this [illegible] the forest revenues [illegible] practice, however, [illegible] attainment of majority, because the [illegible] Jawir. It seems impossible to [illegible] propriety the observations in paragraph 10:

> "The grievance now complained of has been on behalf of Government and the Land Revenue in the hands of the ... and there is why the forest revenues have been allowed to the temple funds to keep pace with the obtained by the Government. Unless [illegible] material interests of the temple".

[illegible] really [illegible] was [illegible]

15

management, an incorrect procedure had been adopted while affecting the minor's interests, and that he, or [illegible] majority, corrected the mistake.

It is difficult to believe that the [illegible] was altogether unaware of the fact that prior to [illegible] forest revenue was not [illegible], creditor [illegible]. It is obviously to explain [illegible] para 12 of his note:

> [illegible] the time of the [illegible] [illegible] [illegible]

153

Jaghirdar granted licences and enjoyed same rights because the forest belonged to him. A list of the documents which prove that the free grant of wood to the ryots had been in operation long prior to 1870 is given as annexure IV S&I 6/12.

In para 16 of the note, the [illegible] some importance to the petition of Sarva[illegible] swami Pettor whole [illegible] settlement in 1866. [illegible] confer no rights [illegible] on. [illegible] not ever been [illegible] that [illegible] objection [illegible] [illegible] [illegible] [illegible] [illegible] October 1944 [illegible]

[illegible]

[illegible]

[illegible]

To summarise:-

The right of the Jaghir to the forest is established (1) reading the Miroop of the temple with the grant of the Jaghir, (2) the enjoyment of forest revenue as part of J. revenue from the time of the grant with the exception of the period from 1858-69 when the Jaghir was under Government management owing to the Jaghirdar's minority, (3) the enjoyment of forest rights by the Jaghirdar and without interference by the Jaghir ryots. It is significant that in 1871 when the Velandur Jaghir Settlement was enacted, the forest revenue was included in the Jaghir revenue, on the basis of which the payment to the annuitant was fixed.

The temple was not granted forest right by the Miroop and never enjoyed forest revenue except by a mistake in the period from 1858-1869.

In the above letter I have attempted to deal with all the points raised in the Sub Division Officer's note. It is probable that some matters may have escaped my observation and that in the course of consideration of this problem by Government, new points will arise for discussion. This is indeed a question of very great importance to me and my family since it also involves directly the religious object with which the Jaghir was resumed to my family. I beg that I may be given an opportunity of personally or by some other person or by a duly accredited representative before final orders are passed.

I have the honour to be,

Sir,

Your most obedient servant,

Nagaraja Rao Ramaiya

Jaghirdar.

TRANSLATION OF THE CANARESE SANAD.

Deed of Inam executed by His Highness the Maharaja Krishna Raja Wadayar, Raja of Mysore, to Dewan Purnaiya, is as follows :—

At the happy period at which We by the grace of the omnipotent and omniscient God and with the assistance and protection of the English Company Bahadur, who are the abode of Mahalakshmi (Goddess of prosperity and wealth), We succeeded to Our hereditary Government of the Mysore Province, and ascended the throne thereof: because at that period there were from some causes irregularities in the Territories included in the Province, the friendship of the English Company Bahadur desired that all the affairs connected with the Mysore Province should be on a permanent and proper footing, (and) that all the people who are by the grace of God fully protected should live in happiness. It being the desire of the Company Sircar that such fame should be attained, it became necessary that a firm-minded and able Dewan should be appointed, and that the acts tending for the good of the Province should be conducted with devotion and ability (and) that every act should be so successfully conducted as done by oneself. It having been found that there was Purnaiya possessed of such qualities and devoted to the interests of his master, with great discrimination and security of mind, the Dewanship which was of itself honorable yet had become doubly so from the circumstances above described, therefore the Dewanship of this Province was made over to your charge. In all the acts and thoughts exercised by you in pursuance of the authority thus confided to you, it became certainly known that they were executed with truthfulness, disinterestedness, display of friendship, well wishing, *et cetera*, and with a desire for the prosperity of the Government of the English Bahadur. It being considered that the memory of the good deeds done by you should be held in remembrance in the World, and that your sons, grandsons, in continuous order or succession should in supreme happiness contemplate that this was the reward of eminent service and live in perpetual happiness and prosperity, commands have been given by the advice and with the consent of the Government of the English Company Bahadur, to grant to you in Inam twenty-five primary and twenty one secondary villages forming the six Hoblies of the Taluk of Yelandur of the Mysore Province. We have determined (settled) and give (you) that (you) your sons, grandsons, in continuous order or succession shall continue to enjoy the benefit of the Inam as long as the Sun and Moon which illuminate the world run in their courses. At the time of the partition of the country this Yelandur had a Beriz of ten thousand Canteroy Pagodas (but) as the country has now become prosperous, in the year Akshaya the gross revenue was fourteen-thousand and three hundred Pagodas as particularized below :—

	HOBLI.	Primary villages.	Secondary villages.	Total including both.	Canteroy Pagodas.		
1.	Yelandur	4	2	6	2,840	4	10
1.	Ambale	3	3	6	1,861	7	8
1.	Yeragambhalli	6	3	9	2,153	5	2
1.	Yerayur Kestur	2	3	5	2,461	2	6
1.	Agara	4	5	9	2.443	8	4
1.	Maddur	6	5	11	2,539	2	2
6		25	21	46	14,300	0	0

As from the revenue thus made up of fourteen thousand and three Pagodas equal to Phuli Pagodas 11,880, Phuli Pagodas 1,732, Main Fanams 32 and being deducted on account of working expenses, there remains a balance of Phuli Pagodas Maili Fanams twelve, and Cash twelve. You, your sons, grandsons, in continuous orde or cession to all posterity are to keep this Taluq of Yelandur in your possession, and by increase of cultivation make this Taluk (literally country) prosperous, executing the works of Tanks and wells, and enjoy (the same) from year to year.

TRANSLATION OF THE PERSIAN SANAD.

Maharaja Krishna Raja Wadayar, Raja of Mysore, bestows this written Grant of a Free-hold on the Minister Purnaiya.

In the days when We, by the grace and by the aid of the Lord God, and through the instrumentality and assistance of the Government of the Honorable English Company, succeeded to the dominion of Our ancestors and progenitors, and mounted the throne of the Kingdom of Mysore, confusion and disorganization had, from certain causes, arisen in Our dominions. Hence the kindness and affection of the Government of the Honorable English Company made them desirous that the affairs of the Kingdom of Mysore should be arranged and consolidated in a satisfactory manner and that such a system should be established as should secure the comfort and happiness of all our subjects and peoples. With a view to the completion and fulfilment of these desires, it became necessary for us to appoint a Minister with plenary powers, to whose integrity and ability the Administration of the State might be confided: in the same way as we had Ourselves in Our August Person attended to the affairs of State. Since the uprightness and rectitude and honesty of the Noble Purnaiya had been observed, and his ability and sagacity proved and tested, therefore the office of Minister, which is at all times a trusted and honored post (and the distinction and honor of which was at this particular time redoubled, owing to the circumstances above referred to) was conferred on and conferred to the Nobleman aforesaid; and his uprightness and integrity and sincerity and fidelity in the performance of the duties of the office conferred upon him, and his loyalty to the Government of the English Company were so conspicuous as to afford clear proof of (the validity of) the reasons above stated (for his appointment).

And since it is the intention of Our Illustrious Mind that the remembrance of the worthy services and befitting actions performed by this Nobleman should not be totally erased and obliterated from the pages of the Record of Time, and moreover that the children of this Nobleman shall, while cotemplating the result of his diligent services, dwell in comfortable and easy circumstances exalted and distinguished for ever and ever; therefore with the advice and approval of the Government of the Honorable English Company, we have conferred the Taluq of Yelandur, appertaining to theKingdom ofMysore with its six districts comprising twenty-five principal and twenty-one attached villages, on the aforesaid Nobleman as an hereditary Free-hold (Inam) as long as the course of the Sun and Moon, which are the illumination of the world (shall continue). The revenue of the Taluq referred to was at the time of the division of the Country ten thousand Canteroy Pagodas and now on account of the populousness of the Taluq has become in the Akshaya Samvatsara, fourteen thousand three hundred Canteroy Pagodas, as appears below:—

Town of Yelandur District—six villages, Four principal (*asali*). Two attached (*Dakehl*) Two thousand eight hundred and forty Pagodas, four and a half Falams, two Annas.

Ambale district—Six villages, Three principal, Three attached.

One thousand eight hundred and sixty eight Pagodas, seven and a half Falams.

18/12/36

Two thousand one hundred and fifty three Pagodas, five Falams.

Yerayur Kestur District—Five villages, Two principal, Three attached.

Two thousand four hundred and sixty one Pagodas, two Falams, six Annas.

Agara Hobli—Nine villages, Four principal, Five attached.

Two thousand four hundred and forty three Pagodas, eight Falams, four Annas.

Maddur district—Eleven villages, Six principal, Five attached.

Two thousand five hundred and thirty nine Pagodas, two Falams, two Annas.

Fourteen thousand three hundred Pagodas, as above, would make eleven thousand eight hundred and eighty Star Pagodas. Altogether one thousand seven hundred and thirty two Star Pagodas, thirty two Maili Falams and sixty eight Cash "*Tal Kharch*" (expenses of management) and the remainder ten thousand one hundred and forty seven Star Pagodas, twelve Maili Falams and twelve Cash. His Nobility and His Nobility's children from generation to generation, taking the above mentioned Taluq into their own occupation and possession, are to employ themselves in augmenting the population and extending the cultivation, and in the repair and construction of tanks and wells, and should spend the revenues of the Taluk, year by year, on their own necessary expenses.

Written in Margasira Bahula Trayodasi, Prabhava Samvatsara, in the year one thousand seven hundred and twenty nine of the Salivahana Saka, agreeing with the twenty seventh of the month of December, the year one thousand eight hundred and seven of the Christian Era.

Translation of a Sanad granted by His Highness the Raja of Mysore to Purnaiya, Dewan.

MAHARAJA KRISHNA RAJA WADAYAR GRANTS THESE PRESENTS AS THE SANAD OF AN INAM TO PURNAIYA HIS DEWAN.

At the happy period when by the blessing of the Almighty and under His divine auspices, We through the means and by the aid of the Honorable East India Company, succeeded to the dominion of Our ancestors, and ascended the *masnad* of Mysore; it was found that various circumstances had concurred in producing desolation and confusion in these Our Territories, and the friendship of the British Government immediately dictated the necessity of adopting measures for the permanent organisation and arrangement of the affairs of Government and for the formation of such settlements as might ensure the repose and welfare of the Rayats and inhabitants. For the accomplishment of this object, it became neccessary that a Dewan should be appointed for Our service, and invested with great and extensive powers so that the whole of the details of Government might be entrusted to his integrity and wisdom. And whereas rectitude, virtue and integrity of the high in station Purnaiya had been observed, and his ability in the transaction of business tried and proved, he was thought duly qualified, and consequently appointed to the office of Dewan, an office which though at all times highly confidential and important, became doubly so at that period from the particular circumstances above recited.

The rectitude, assiduity and zeal which the said Purnaiya has displayed, in the performance of the duties committed to his charge, and his attachment to Our ally the Honorable Company have been so clearly made manifest as entirely to confirm the high opinion, which had been originally formed of him, on the grounds and for the reasons above mentioned.

As it is Our anxious desire that the remembrance of the good and meritorious services which have been performed by the said Purnayia may never be effaced from the recollection of mankind, and also that his descendants may long continue in ease and comfort to contemplate and enjoy the beneficial consequences of his great exertions and to participate in the honor and respectability due to his merits; We now, by the advice and with the concurrence of the British Government afore-said, do, by these writings, grant to him as an Inam the Taluq of Yelandur, appertaining to the Territory of Mysore, and comprising six Hoblies or divisions, in which are contained 25 primary and 21 secondary villages, all of which shall be held by his posterity from generation to generation as long as the sun and moon shall in their course, continue to illuminate the world. The said Taluq was at the time of the partition of the country valued at 10,000 Canteroy Pagodas, but had, in the last year of *Akshaya Samvatsara,* risen to 14,300 Canteroy Pagodas in consequence of the increasing prosperity and cultivation of these Territories.

LIEUTENANT-COLONEL JOHN MALCOLM,

RESIDENT IN MYSORE.

SIR,

I am directed to acknowledge the receipt of your letter of the 4th Instant, with its enclosures, and to inform you that the Honorable the Governor in-Council entirely approves your proceedings in regard to the Sanad presented to Purnaiya by His Highness the Raja of Mysore.

Annexure II 16/56.74

To

THE HONORABLE WILLIAM PETRIE, ESQ.,

GOVERNOR-IN-COUNCIL,

Fort Saint George.

SIR,

In a letter which I received from Mr. Secretary Edmonstone, under date the 15th December, the Despatch from the Supreme Government to the Right Honorable Lord William Bentinck of the 11th December, was forwarded for the guidance of my conduct in effecting an arrangement for the grant of the Jaghire to the Dewan Purnaiya. The very delicate nature of this arrangement, and the difficulty of ascertaining the exact amount which would (without an excess of liberality) effect the object, by satisfying the fair ambition and confirming the attachment of the Dewan, has occasioned a much longer delay in the settlement than I could have anticipated. I have, however, the satisfaction to think, that the delay has been attended with advantage, as it enables me to suggest an arrangement, which will, I know fully, satisfy Purnaiya, and which, I am willing to hope, will meet the full approbation of Government.

From the sense expressed by the Honorable the Governor-General in his Despatch of the 11th December, of the extraordinary merits of the Dewan, and of the claims he has established upon the British Government, I am led to believe that the grant of an hereditary Jaghire, yielding a revenue of 10,000 Star Pagodas per annum, would not be considered more than a just reward of his service; and, as far as this State is concerned, that would, I must conclude, be deemed but a trifling alienation of revenue to support, in liberal and permanent comfort, the family of a man who has established as strong claims upon it as it is possible for any individual to do upon a Government.

This Jaghire cannot be drawn into a precedent, as it would not appear possible that any person, in the service of this State, can ever have an opportunity of establishing a claim to a reward in any degree similar to that to which Purnaiya is entitled.

That officer, placed at the creation of this Government, in the possession of all its authority and the charge of its infant Prince, has not only exercised his great power in a manner that has promoted the prosperity, and increased the revenue of the State he ruled, but by his unabating attention to the happiness of the inhabitants of Mysore, and the education of the young Prince, and his undeviating adherence to the principles of the alliance with the English Government, he has merited and received the uniform support of that nature; nor can I call to mind, during the period of eight years that he has governed Mysore, one instance in which his conduct has been censured by those authorities to whose inspection and control he has been, during the whole of that period, immediately subject.

18/12/36

Though the amount of the reward proposed is perhaps considerable
claims of Purnaiya, not large, it appears to me fully sufficient. It will support
long as this Government shall exist) on a footing with its first officers, and the grou
which it is granted (which should, I think, be fully expressed in the Sanad) will confer an h
rable respectability upon the possessors, till the most distant period.

In the communication I have had with the Dewan upon this subject, I have discovere
he would prefer the Taluq of Yelandur, respecting which I send a particular Memorandum fo
the information of Government. If the amount of the grant is approved, there can, I shoul
imagine, be no possible objection to giving this Taluq.

If Government authorize me to proceed in the settlement of this Jaghire, I shall, i
communication with the Dewan, settle the form of the grant in a manner that will establish th
principle stated by the Honorable the Governor-General, that no grant of land above a certai
value, should be hereafter made from the Territories of Mysore, either for life or in hereditar
tenure, without the acquiescence of the Company's Government.

I have, &c.,

ಇಂಥವರುಗಳ ಪುಸ್ತಕಗಳನ್ನು ಪ್ರಕಾರ ಗಾಡಿಯ ದಿನವೊಂದಾಂಶ್ಚಕ್ಕೆ ಕಳುಹಿಸಿಬಿಟ್ಟರೆ ಅಂಥವರು ಕೆಲಸಗಾರರಿಗೆ ಕೊಡಬೇಕಾದ ಹಣವನ್ನು ಕೊಟ್ಟು ಕಳುಹಿಸಿಕೊಡುವುದು ಸುಲಭ. ಇಲ್ಲವಾದರೆ ಹಣವನ್ನು ಕಳುಹಿಸಲು ಬೇರೆ ಮಾರ್ಗವಿಲ್ಲದೆ ಕೆಲಸಗಾರರು ಕೆಲಸವನ್ನು ಬಿಟ್ಟು ಹೋಗಬೇಕಾಗುವುದು.

ಈಗ ಇಂಥವರಿಗೆ ಪುಸ್ತಕಗಳನ್ನು ಪ್ರಕಾರ ಮಾಡಲು ಬೇರೆ ಮಾರ್ಗವಿಲ್ಲದಿರುವುದರಿಂದ ಅವರು ಗಾಡಿಯ ಮೂಲಕ ಕಳುಹಿಸಿಕೊಡುವಂತೆ ಪ್ರಾರ್ಥಿಸಿಕೊಳ್ಳುತ್ತೇನೆ. ಹಣವನ್ನು ಕಳುಹಿಸಿಕೊಡುವ ವಿಷಯದಲ್ಲಿ ಅವರು ಸೂಚಿಸಿರುವ ಮಾರ್ಗವನ್ನೇ ಅನುಸರಿಸಲಾಗುವುದು.

ಇನ್ನು ಕೈಲಾಸಕ್ಕೆ ಹೋಗಿಬರುವ ಯಾತ್ರಿಕರಿಗೆ ಸಂಬಂಧಪಟ್ಟಂತೆ ಹಣವನ್ನು ಕಳುಹಿಸಿಕೊಡುವ ವಿಷಯದಲ್ಲಿ ಅವರು ಸೂಚಿಸಿರುವ ಮಾರ್ಗವನ್ನೇ ಅನುಸರಿಸಲಾಗುವುದು. ಅಲ್ಲದೆ ಯಾತ್ರಿಕರಿಗೆ ಹಣವನ್ನು ಕಳುಹಿಸಿಕೊಡುವ ವಿಷಯದಲ್ಲಿ ಅವರು ಸೂಚಿಸಿರುವ ಮಾರ್ಗವನ್ನೇ ಅನುಸರಿಸಲಾಗುವುದು. ಅಲ್ಲದೆ ಯಾತ್ರಿಕರಿಗೆ ಹಣವನ್ನು ಕಳುಹಿಸಿಕೊಡುವ ವಿಷಯದಲ್ಲಿ ಅವರು ಸೂಚಿಸಿರುವ ಮಾರ್ಗವನ್ನೇ ಅನುಸರಿಸಲಾಗುವುದು. ಇದಕ್ಕೆ ಸಂಬಂಧಪಟ್ಟಂತೆ ಅವರಿಂದ ಪತ್ರವನ್ನು ಬರೆಸಿಕೊಳ್ಳಲಾಗುವುದು. ಕುಲಾಂಬುಧಿಯ ಶಿರಸ್ತೆದಾರರು ಪತ್ರವನ್ನು ಬರೆಸಿಕೊಂಡು ಅವರಿಗೆ ಕಳುಹಿಸಿಕೊಡುವುದಾಗಿ ಅಂಚೆಯಂಗಡಿಯ ಪ್ರತಿನಿಧಿಯವರಿಂದ ತಿಳಿದುಬಂದಿದೆ. ಬಹುಶಃ ಯಾತ್ರಿಕರು ಅಲ್ಲಿಂದಲೇ ಹಣವನ್ನು ಕಳುಹಿಸಿಕೊಡುವ ಏರ್ಪಾಡನ್ನು ಮಾಡಿಕೊಳ್ಳಬಹುದು. ಇದರಿಂದ ಅವರಿಗೆ ಅನುಕೂಲವಾಗಬಹುದೆಂದು ನಾನು ಭಾವಿಸಿದ್ದೇನೆ.

ಸಾಷ್ಟಾಂಗ ನಮಸ್ಕಾರಗಳು. ತಾವು ಕೃಪೆಮಾಡಿ ಬರೆದ ಪತ್ರವು ಕೈಸೇರಿ ಸಮಾಚಾರಗಳನ್ನು ತಿಳಿದು ಸಂತೋಷಪಟ್ಟೆವು. ಇಲ್ಲಿಯ ಸಮಾಚಾರವು ಕ್ಷೇಮವಾಗಿರುತ್ತದೆ. ತಾವು ಕೃಪೆಮಾಡಿ ಬರೆಯಬೇಕಾಗಿ ಬರೆದಿದ್ದ ಸಮಾಚಾರಗಳನ್ನು ಕೂಲಂಕಷವಾಗಿ

ಸಾಲದ ಶೂಲಕ್ಕೆ ಸಿಲುಕಿ ಹೆಂಡತಿ ಮಕ್ಕಳನ್ನು ಕಳೆದುಕೊಂಡ ಸಿದ್ದಪ್ಪ ಕಡೆಗೆ ಬದುಕಿನಲ್ಲಿ ಜಿಗುಪ್ಸೆಗೊಂಡು ಆತ್ಮಹತ್ಯೆಗೆ ಶರಣಾದ ಸುದ್ದಿ ಕೇಳಿ ಊರಿನವರೆಲ್ಲ ಮರುಗಿದರು. ಅವನ ಅಂತ್ಯಕ್ರಿಯೆಯ ಖರ್ಚಿಗೆ ಹಣ ಹೊಂದಿಸಲು ಅವನ ಮನೆಯಲ್ಲಿದ್ದ ಸಾಮಾನುಗಳನ್ನು ಮಾರಿದರೂ ಸಾಲಗಾರರಿಗೆ ಕೊಡಲು ಹಣ ಸಾಲದೆ ಹೋಯಿತು. ಸಿದ್ದಪ್ಪನ ಸಾಲಗಾರರಲ್ಲಿ ಒಬ್ಬನಾದ ಸಾಹುಕಾರ ಬಸಪ್ಪ ಸಿದ್ದಪ್ಪನ ಮನೆಯಲ್ಲಿ ಉಳಿದಿದ್ದ ಒಂದು ಎತ್ತು ಮತ್ತು ಒಂದು ಎಮ್ಮೆಯನ್ನು ಹೊಡೆದುಕೊಂಡು ಹೋಗಲು ಬಂದಾಗ ಸಿದ್ದಪ್ಪನ ಮಗ ಚಿಕ್ಕ ಸಿದ್ದನು ಅಳುತ್ತಾ ಅವುಗಳನ್ನು ಕೊಡಬಾರದೆಂದು ಬೇಡಿಕೊಂಡನು. ಆದರೆ ಬಸಪ್ಪ ಅವನ ಮಾತಿಗೆ ಕಿವಿಗೊಡದೆ ಅವುಗಳನ್ನು ಹೊಡೆದುಕೊಂಡು ಹೋಗಿ ಮಾರಿ ಬಂದನು. ಚಿಕ್ಕ ಸಿದ್ದನು ಅಂದಿನಿಂದ ಬಸಪ್ಪನ ಮೇಲೆ ಸೇಡು ತೀರಿಸಿಕೊಳ್ಳಲು ಅವಕಾಶಕ್ಕಾಗಿ ಕಾಯುತ್ತಿದ್ದನು.

ಒಂದು ದಿನ ಬಸಪ್ಪನ ಮನೆಯಲ್ಲಿ ಮದುವೆಯ ಸಂಭ್ರಮ. ಬಸಪ್ಪನ ಮಗಳ ಮದುವೆಯ ದಿನ ಹತ್ತಿರ ಬಂದಂತೆ ಮನೆಯಲ್ಲಿ ಸಂಭ್ರಮ ಹೆಚ್ಚಾಗಿತ್ತು. ಮದುವೆಯ ಹಿಂದಿನ ದಿನ ಬಸಪ್ಪನ ಮನೆಯಲ್ಲಿ ಅಡುಗೆಯವರು ಅಡುಗೆ ಮಾಡುತ್ತಿದ್ದರು. ಅಡುಗೆಯವರಿಗೆ ಸಹಾಯ ಮಾಡಲು ಬಸಪ್ಪನ ಮಗ ಮಂಜುನಾಥ ಅಡುಗೆ ಮನೆಯಲ್ಲಿ ಓಡಾಡುತ್ತಿದ್ದನು. ಅಡುಗೆಯವರು ಅಡುಗೆ ಮಾಡಲು ಬಳಸಿದ ಪಾತ್ರೆಗಳನ್ನು ಮಂಜುನಾಥ ಹೊರಗೆ ತೊಳೆಯಲು ತೆಗೆದುಕೊಂಡು ಹೋಗುತ್ತಿದ್ದನು. ಅಡುಗೆಯವರು ಅಡುಗೆ ಮಾಡಲು ಬಳಸಿದ ಪಾತ್ರೆಗಳನ್ನು ಮಂಜುನಾಥ ಹೊರಗೆ ತೊಳೆಯಲು ತೆಗೆದುಕೊಂಡು ಹೋಗುತ್ತಿದ್ದನು. ಅಡುಗೆಯವರು ಅಡುಗೆ ಮಾಡಲು ಬಳಸಿದ ಪಾತ್ರೆಗಳನ್ನು ಮಂಜುನಾಥ ಹೊರಗೆ ತೊಳೆಯಲು ತೆಗೆದುಕೊಂಡು ಹೋಗುತ್ತಿದ್ದನು.

ಸುಬ್ಬಾರಾಯನ ಅಳಿಯನಿಗೂ ಅವಳ ತಂಗಿಯ ಮಗಳಿಗೂ ಮದುವೆ ಮಾಡಿಸಿದ್ದೇವೆ ಎಂದು -
ಅವಳು ಹೇಳಿದಳಾದ್ದರಿಂದ ಸಾಲಿಗ್ರಾಮ ಯಜಮಾನರಿಗೆ ತಿಳಿಸಿ -
ಮಾಡಿಸಿದ್ದಾಯಿತು ಎಂದು ಹೇಳಿದೆವು.

ಆಮೇಲೆ ಅವಳು ಸ್ವಲ್ಪ ಹೊತ್ತು ಕುಳಿತು ಮಾತನಾಡಿ ಹೊರಟು ಹೋದಳು.
ಅವಳು ಹೋದ ಮೇಲೆ ಸಾಲಿಗ್ರಾಮ ಯಜಮಾನರು ಮತ್ತು ಅವರ ಮಕ್ಕಳು
ಮೊಮ್ಮಕ್ಕಳು ಮತ್ತು ಇತರ ಬಂಧುಗಳು ಇಲ್ಲಿಗೆ ಬಂದು ಸೇರಿದರು.
ಅವರೆಲ್ಲರೂ ಸೇರಿ ಒಂದು ಸಭೆಯನ್ನು ಏರ್ಪಡಿಸಿ ಅದರಲ್ಲಿ ಸುಬ್ಬಾರಾಯನ
ಮಗಳಿಗೂ ಅಳಿಯನಿಗೂ ಮತ್ತೊಮ್ಮೆ ಮದುವೆ ಮಾಡಿಸಿದರು.

ಮದುವೆಯಾಗಿ ಸುಮಾರು ಹತ್ತು ವರ್ಷಗಳಾದ ಮೇಲೆ ಅವರಿಗೆ ಮಕ್ಕಳಾಗಲಿಲ್ಲ.
ಆಗ ಅವರು ಒಂದು ಮಗುವನ್ನು ದತ್ತು ತೆಗೆದುಕೊಂಡರು. ಆ ಮಗುವಿಗೆ
ಸುಮಾರು ಒಂದು ವರ್ಷ ವಯಸ್ಸಾಗಿದ್ದಾಗ ಅವರಿಗೆ ಮಕ್ಕಳಾದವು.
ಅವರಿಗೆ ಒಟ್ಟು ಮೂರು ಮಕ್ಕಳಾದವು. ಅವರಲ್ಲಿ ಒಬ್ಬಳು ಹೆಣ್ಣು ಮಗಳು.
ಅವಳಿಗೆ ಮದುವೆಯಾಗಿ ಮಕ್ಕಳಾಗಿವೆ. ಅವಳ ಗಂಡ ಸಾಲಿಗ್ರಾಮದಲ್ಲಿ
ಪ್ರಾಥಮಿಕ ಶಾಲೆಯೊಂದರಲ್ಲಿ ಉಪಾಧ್ಯಾಯರಾಗಿದ್ದಾರೆ. ಅವರ ಮಕ್ಕಳಲ್ಲಿ
ಒಬ್ಬಳು ಹೆಣ್ಣು ಮಗಳು ಮಾತ್ರ ಮದುವೆಯಾಗಿದ್ದಾಳೆ. ಅವಳಿಗೆ ಮಕ್ಕಳಾಗಿಲ್ಲ.
ಅವಳ ಗಂಡ ಸಾಲಿಗ್ರಾಮದಲ್ಲಿ ಒಂದು ಅಂಗಡಿಯಲ್ಲಿ ಕೆಲಸ ಮಾಡುತ್ತಿದ್ದಾರೆ.
ಅವರ ಮಗ ಬೆಂಗಳೂರಿನಲ್ಲಿ ಓದುತ್ತಿದ್ದಾನೆ. ಅವನು ಇಂಜಿನಿಯರಿಂಗ್
ಕಲಿಯುತ್ತಿದ್ದಾನೆ. ಅವನಿಗೆ ಮದುವೆಯಾಗಿಲ್ಲ. ಅವನ ಹೆಂಡತಿ ಮಕ್ಕಳು
ಸಾಲಿಗ್ರಾಮದಲ್ಲಿ ಇದ್ದಾರೆ. ಅವನ ಹೆಂಡತಿ ಸಾಲಿಗ್ರಾಮದಲ್ಲಿ ಒಂದು
ಪ್ರಾಥಮಿಕ ಶಾಲೆಯಲ್ಲಿ ಉಪಾಧ್ಯಾಯಿನಿಯಾಗಿದ್ದಾಳೆ. ಅವಳಿಗೆ ಇಬ್ಬರು
ಗಂಡು ಮಕ್ಕಳು. ಅವರಲ್ಲಿ ಒಬ್ಬ ಚಿಕ್ಕವನು ಇನ್ನೂ ಶಾಲೆಗೆ ಹೋಗುತ್ತಿಲ್ಲ.
ಅವನಿಗೆ ಐದು ವರ್ಷ ವಯಸ್ಸು. ಅವನು ಮನೆಯಲ್ಲಿ ಆಡಿಕೊಂಡಿರುತ್ತಾನೆ.
ಅವನಿಗೆ ಅಕ್ಷರಾಭ್ಯಾಸ ಮಾಡಿಸಿಲ್ಲ. ಅವನ ಅಣ್ಣ ಸಾಲಿಗ್ರಾಮದಲ್ಲಿ
ಒಂದನೆಯ ತರಗತಿಯಲ್ಲಿ ಓದುತ್ತಿದ್ದಾನೆ. ಅವನಿಗೆ ಏಳು ವರ್ಷ ವಯಸ್ಸು.
ಅವನು ಚೆನ್ನಾಗಿ ಓದುತ್ತಾನೆ. ಅವನು ಮುಂದೆ ಚೆನ್ನಾಗಿ ಓದಿ ಇಂಜಿನಿಯರ್
ಆಗಬೇಕೆಂದು ಅವನ ತಂದೆ ತಾಯಿಗಳ ಆಸೆ. ಅವನು ಸಹ ಇಂಜಿನಿಯರ್
ಆಗಬೇಕೆಂದು ಆಸೆ ಪಡುತ್ತಾನೆ. ಅವನ ಅಜ್ಜ ಅಜ್ಜಿಯರು ಅವನಿಗೆ
ಚೆನ್ನಾಗಿ ಓದಿಸಿ ಇಂಜಿನಿಯರ್ ಮಾಡಿಸಬೇಕೆಂದು ಹಂಬಲಿಸುತ್ತಿದ್ದಾರೆ.
ಅವನು ಚೆನ್ನಾಗಿ ಓದಿ ಇಂಜಿನಿಯರ್ ಆಗಿ ಒಳ್ಳೆಯ ಕೆಲಸ ಗಳಿಸಿ
ಹಣ ಸಂಪಾದಿಸಿ ಅವರಿಗೆ ಸುಖ ಕೊಡಬೇಕೆಂದು ಅವನ ಆಸೆ.

ಸುಬ್ಬಾರಾಯನ ಮಗಳು ಅಳಿಯ ಮೊಮ್ಮಕ್ಕಳು ಮತ್ತು ಅವರ ಬಂಧುಗಳು
ಸಾಲಿಗ್ರಾಮದಲ್ಲಿ ಸುಖವಾಗಿ ಇದ್ದಾರೆ. ಅವರಿಗೆ ಯಾವ ಕಷ್ಟವೂ ಇಲ್ಲ.
ಅವರೆಲ್ಲರೂ ಸುಖವಾಗಿ ಇರಲಿ ಎಂದು ಹಾರೈಸೋಣ.

ಸಾಲಿಗ್ರಾಮದ ಯಜಮಾನರು ಮತ್ತು ಅವರ ಮಕ್ಕಳು ಮೊಮ್ಮಕ್ಕಳು ಮತ್ತು
ಬಂಧುಗಳು ಸಹ ಸುಖವಾಗಿ ಇದ್ದಾರೆ. ಅವರಿಗೆ ಯಾವ ಕಷ್ಟವೂ ಇಲ್ಲ.
ಅವರೆಲ್ಲರೂ ಸುಖವಾಗಿ ಇರಲಿ ಎಂದು ಹಾರೈಸೋಣ.

R-V. ಅಂದಿದ್ದೆ. ಈಗ ಅವರು ಇಲ್ಲಿಗೆ ಬಂದು ಇನ್ನೆಲ್ಲೂ ಹೋಗಿಲ್ಲ.

"May it please Your Highness,

One of the cow-elephants belonging to my Jaghir was captured in August 1902 by the State authorities, and is now pending disposal. But for her escape from the Jaghir into the State pound her capture could not have been a possibility. I desire to submit to Your Highness that I do not stand in the way of Your Highness' disposal of the animal for charitable purposes; but I beg the liberty of adding that I shall want all claim over her in case Your Highness graciously decides that she be given away to the temple of Sri Venkataramana Swamy at Tirupathy, with reference to which, a traditional vein of generosity has been running in my family.

No apology to be tendered for this intrusion.".

Copy of letter No. 4148 dated the 3rd. July 1903 from the District Magistrate's office, Mysore.

"I have the honour to state that from the inquest reports on the death of one Chikkank Poria dead on the 30th ultimo, in the forest near the Billigiri Rangan Hills, it is stated that the deceased was killed by a rogue elephant in question and is in jungle It is stated that there are about 100 elephants roaming about the jungle. I request that you will kindly take steps to have the rogue elephant destroyed, as it would otherwise be positively dangerous to the lives of the passers by.

3. Correspondence ending with letter dated 18th December 1936 from t Jahgirdar of Yelandur expressing his views on the subject.

O R D E R No. 516 to /Muz.288(24)

Dated, Bangalore, 2.10.37

Government have had under consideration for some time, two questions connected with the affairs of the Sri Biligiri Rangaswami Temple in Yelandur

Jahgir viz., (1) whether the temple is entitled to the income from the forest on the Biligiri Rangaswami Hills and (ii) the measures to be taken for the efficient management of the affairs of the temple.

2. It appears from previous records in the matter, that the Forest on the Hills belongs to the Temple. A nirup was granted by Dewan Purnaiya in 1799-1800 by which the temple was endowed with the villages of Gowdahalli and Soligarahalli, the latter indicating the area of the Hills which was inhabited by Soligars. The value of the Jahgir in the sanad conferring the Yelandur Taluk as Jahgir to Dewan Purnaiya in December 1807 seems to have been fixed exclusive of these Inam villages endowed to the Temple. In the Jamabandi records of later years, the villages of Gowdahalli and Betta were treated as Sarva Inam of Sri Biligiri Rangaswami and in the Survey Settlement which was introduced into the Yelandur Taluk during 1896, the Biligiri Rangan Hills were treated as Sarvamanya to the Temple. It would appear that the income from the Forest-produce, including timber was being credited to the temple funds

till about 1870, the cost of establishment being debited to the Temple. This seems to have been discontinued after the assumption of the management of the Jahgir by Sir (then Mr) P.N.Krishnamurth about the year 1870.

3. It is thus clear that the Biligiri Rangan Hills have all along been an Inam endowed to the Sri Biligiri Rangaswami Temple on the Hills and did not form part of the Jahgir granted to Dewan Purnaiya and that the income from the forest has been enjoyed by the Jahgirdar only latterly. In consideration of these circumstances, Government are pleased to direct that the income from the Biligiri Rangan forest which was specially endowed for the temple should first be utilised for expenditure necessary for the proper performance of Pooja in, and maintenance of, the temple and that the surplus left after the needs of the temple are met, may be ~~allowed to be enjoyed~~ by the Jahgirdar.

4. The present Jahgirdar of Yelandur who was ~~given an opportunity~~ asked to express his views in the matter has urged ~~stating his reasons~~ that the grant to the temple did not include the Forest revenue of the hills ~~and that~~ the Jahgir ~~grant included~~ it and that it was enjoyed by

the ~~Jahgirdar~~ for many years. The reasons stated have all been fully examined before coming to the conclusion stated in the previous paragraph. It is in fact, in consideration of the ~~fact~~, that the Jahgirdar took the forest revenue of the hills himself for many years that the portion of the revenue not absolutely required for the Temple is now left to be ~~utilized~~ by him. This disposes of the first question.

5. As regards the second question viz., proper management of the temple, the Muzrai Commissioner reports that there have been complaints from time to time that the temple affairs are not being managed satisfactorily. The temple is reported to be in a neglected condition and in need of repairs. Urgent action seems to be called for, to improve the Hill road and the steps, and also to revise the scale of expenditure in the temple.

6. The income of the Institution under the several heads such as Land, Forest, Sevartha fees, Excise &c., is estimated at Rs.11,744/- per annum (Vide Appendix I). The income from the forest is taken as Rs.5,000/- in the statement, but it is likely to be more than this amount for some years. The Muzrai Commissioner has proposed a scale of expenditure which is equal to the estimated income including charges for Temple establishment, Forest Establishment,

Repairs and Improvements and Reserve. Government consider that the scale of expenditure proposed is susceptible of reduction and direct that it may be fixed at Rs.10,344-6-0 per annum as shown hereunder:--

	Per annum.		
1. Establishment (Appendix II).	3,114	0	0
2. Hetchukatle including cooly charges (Appendix III)	672	0	0
3. Nithyakatle (Appendix IV)	924	0	0
4. Cooly for carrying rice &c., other articles to the Hills.	200	0	0
5. Repairs and improvements.	1,500	0	0
6. Contribution to Muzrai Establishment Fund at 5%.	500	0	0
7. Assessment and Cesses on lands.	365	8	0
8. Potgi to Gowdahalli village officers.	115	12	0
9. Miras to temple servants.	800	0	0
10. Contingencies and other unforeseen expenditure.	317	2	0
11. Forest Establishment (Appendix V)	1,836	0	0
Total. Rs.	10,344	6	0

The provision of Rs.500/- for "reserve" proposed by the Muzraie Commissioner has been omitted as the income from the Forest has been taken at a low figure. In each year in which that income exceeds Rs.5,000/- the excess up to Rs.500/- will be credited to reserve for the temple.

5. The surplus in the estimated average income after meeting expenditure according to the scale now sanctioned

202

now sanctioned is Rs.1400 per annum. Thi
~~come to~~ be taken by the Jahgirdar, as also any income
the forests in excess of Rs.5000/-, subjec
contribution to reserve as ordered above.

ORDER NO. 506-10—MUZ. 288-24-32, DATED BANGALORE, THE 28TH SEPTEMBER—2ND OCTOBER 1937.

Government have had under consideration for some time, two questions connected with the affairs of the Sri Biligiri Rangaswami Temple in Yelandur Jahgir, *viz.*, (i) whether the temple is entitled to the income from the forest on the Biligiri Rangaswami Hills, and (ii) the measures to be taken for the efficient management of the affairs of the temple.

4. The present Jahgirdar of Yelandur who was asked to express his views in the matter has urged that the grant to the temple did not include the forest revenue of the hills that this income was meant to go to the Jahgirdar, and that it was

actually enjoyed by him for many years. The reasons stated have all been fully examined by Government before coming to the conclusion stated in the previous paragraph. It is, in fact, in consideration of the circumstance that the Jahgirdar took the forest revenue of the hills himself for many years that the portion of the revenue not absolutely required for the temple is now left to him. This disposes of the first question.

Sir,

With reference to Government Order No.506-10 Muz.288-24-32 dated 2nd October 1937 declaring among other things that "The Biligiri Rangan Hills have all along been an inam endowed to the Sri Biligiri Rangaswami Temple", I have the honour to submit the following representation to Government.

The above order in the Muzrai Department at one stroke, deprives me of 35½ square miles out of 102 square miles of my Jaghir. The finding is contrary to the sanads, the admitted facts as to possession, and usage, and the clean trend of evidence. The arguments I submitted and the facts on which they were based have apparently not been considered and they receive passing mention only to be casually dismissed. My earnest prayer to be heard before orders were passed was ignored and I was denied an opppртúnity of stating and explaining my case. This decision depriving me of an important part of my Jaghir has been taken when Government are in administration of my Jaghir, and I am at a disadvantage to protect my own interest

I have also been dispossessed arbitrarily and without

232

without the point having been so much as raised, of the management of the temple, which has been in my family even since the Jaghir was granted.

Both these matters are of vital moment to me, and I most humbly pray that Government will reconsider the case after giving me an opportunity of submitting my representations in person or by an accredited representative and of meeting the Muzrai Department's arguments before Government proceed to a decision.

Meanwhile, the authorities concerned are taking definite action in pursuance of the decision to separate the affairs of the Forests and Temple from the Jaghir administration and to assume summary and adverse control of the former. The authorities are (1) making changes in the temple staff, (2) separating out the Forest accounts, (3) cutting down valuable timber trees in the Forest without reference to me, (4) shooting and appropriating game without my knowledge. The last two are an infringement of well established rights enjoyed by my forbears ever since the Jaghir was granted and borne out by a mass of correspondence both with Government Officers and with guests and sportsmen of high and even historical distinction.

These acts not only seriously injure my interests permanently, but cause me great personal pain and humiliation. I respectfully pray that these acts may be stayed till a final decision is arrived at by Government on my representation. I humbly appeal to Government, as administrators of my Jaghir on my behalf, to protect my interests and secure me justice.

My Dear Sir,

27-1-38

I beg respectfully to enclose copy of a representation I have submitted to Government to-day praying for a reconsideration of the Government Order depriving the Jaghir of the Biligiri Rangan Hills Forest, and of the management of the Sri Biligiri Ranga Swami Temple. I had begged for a hearing and this was denied me, and I have been practically deprived of a large and important part of my Jaghir without even an opportunity of representing my case. I feel confident that if only I am given a chance of submitting my case I shall be able to convince Government of the justice of my cause. I throw myself on your kindness and sense of justice, and beg you to call up the papers for reconsideration, and to give me a full and fair hearing before coming to a decision.

Sir,

With reference to your letter No.4819 dated 26th January 1938 addressed to the Dewan requesting reconsideration of the orders passed by Government in their order No.506-10/Muz.288-24-32 dated 28th September/2nd October 1937 regarding the claims of Sri Biligiri Rangaswami temple and yourself to the Forest Revenue of the Biligiri Ranga Hills, I am directed to state that the enquiry into this case has been going on for more than twelve years and that you were given all the opportunity necessary to state your case and that orders were issued after full consideration of the case urged by you. I am to express regret that in the above circumstances Government see no reason to re-open the matter.

Yours faithfully,

General Secretary to Govt.
